

Cortical Visual Impairment: Pathways to Intervention

Join Dr. Christine Roman-Lantzy, APH Project Leader
in the area of Cortical Visual Impairment (CVI),
for three days of instructional strategies.

Dr. Christine Roman-Lantzy is an expert in the field of cortical visual impairment. This three day workshop is sponsored by the American Printing House for the Blind and the Southeast Regional Professional Development Center. Participants will learn of ways to assess students with cortical visual impairment as well as instructional strategies to implement when working with students.

January 22-24, 2007 9AM-4PM

Pre-Registration and Cancellation Policy: Pre-registration for Southeast RPDC workshops is required. Cancellations will be honored with a full refund if received 2 business days prior to workshop. Registrations received after the registration deadline and walk-ins will be charged an additional fee of \$10. No-shows and cancellations after the registration deadline will be charged the full price of the workshop. School districts may substitute pre-registrations without penalty, however.
