The University maintains its teaching, public service, and operational activities in accordance with established schedules. Suspension of classes and/or campus operations is avoided whenever possible. Students, faculty, and staff are urged to use discretion and judgment when travel conditions are hazardous. If a state of emergency is declared for the entire community, the University will follow stated emergency procedures.

SOUTHEAST MISSOURI STATE UNIVERSITY’S ACCESSIBILITY PLAN
Southeast Missouri State University will take such means as are necessary to ensure that no qualified disabled person is denied the benefits of, excluded from participation in, or otherwise subject to discrimination because Southeast Missouri State University’s facilities are physically inaccessible to, or unusable by disabled persons. The accessibility standard required by Federal law for ‘existing facilities’ is that the recipient’s program or activities when viewed in its entirety, must be readily accessible to disabled persons.

Southeast Missouri State University may meet this standard through such means as reassignment of classes, or other services to accessible locations, redesign equipment, assignment of aides, alterations of existing facilities, and construction of new accessible facilities. Southeast Missouri State University is not
required to make structural changes in existing facilities where other methods are sufficient to comply with the accessibility standard described above.

Because scheduling classes, coordinating accommodations, and arranging housing in accessible facilities may require reasonable advance planning, students with disabilities accepted for admission should identify themselves and their disability within five days of the start of the semester of enrollment and indicate the nature of accommodation needed for their disability. Students should contact Disability Support Services.

NOTICE OF NONDISCRIMINATION/ANTI-HARASSMENT

Southeast Missouri State University is committed to providing a safe and civil learning and working environment for its faculty, staff, students, and visitors, free from discrimination in any form. The University prohibits discrimination on the basis of race, color, ethnicity, religion, national origin, sex, sexual orientation, gender identity, age, genetic information, disability, or protected veteran status in any of its programs or activities. Harassment based on any of these classifications is a form of discrimination that also violates University policy. Inquiries concerning the application of these regulations to the University may be directed to the Assistant to the President for Equity and Diversity, room 010, Academic Hall, One University Plaza, Cape Girardeau, MO 63701, (573) 651-2524.

Situations may arise in which students believe they have not received fair treatment by a representative of the University, or have concern about the performance, action or inaction of a member of the faculty or staff which affects the student. Whenever possible, the student should approach the faculty or staff member first in an attempt to resolve the matter. Unresolved concerns involving faculty should be taken to the chairperson of the department and then to the dean of the college. Unresolved concerns involving staff should be taken to the staff member’s supervisor and then to the next higher supervisor.

It is the policy of Southeast Missouri State University to comply with Title IX of the Education Amendments Act of 1972. In the event of a complaint alleging sexual harassment discrimination, the student may contact the Office of Student Conduct, the Dean of Students, the Department of Public Safety or the University’s Title IX Coordinator/Assistant to the President for Equity and Diversity.

MISSION, VISION AND VALUES

Mission: Southeast Missouri State University provides student-centered education and experiential learning with a foundation of liberal arts and sciences, embracing a tradition of access, exceptional teaching, and commitment to student success that significantly contributes to the development of the region and beyond.

Vision: Southeast Missouri State University strives to be one of the nation’s most academically competitive regional comprehensive universities, recognized for excellence in education, engagement, research, and creativity.

Values:

Student Success – Southeast Missouri State University values student-centered education and experiential learning through engaged and adaptive modes in and beyond the classroom in a safe, friendly, supportive environment that offers academic and career achievement for our students.

Excellence – Southeast Missouri State University values sustained commitment to quality teaching, research, and creative activities integrated into impactful academic and co-curricular programs that offer students a transformative educational experience.

Access and Diversity – Southeast Missouri State University values access to affordable, high-quality education with a diverse student body, faculty, and staff that respects and celebrates a diverse learning community in a global society.

Community – Southeast Missouri State University values an engaged campus learning community committed through shared purposes and service; sustained by respect, accountability, and adaptability; and strengthened through collaborative partnerships that extend the expertise and accomplishments of faculty, staff, students, and alumni beyond the campus.

ADMISSION

Admission decisions are made without regard to race, color, creed, gender, disability or national origin. Applicants for admission must complete an admission application and request that their high school counselor and the registrar of each college attended send complete official transcripts to the Office of Admissions. No student is officially admitted until all high school and college transcripts are reviewed and the Office of Admissions evaluates the official results of the student’s college entrance exam(s) (ACT or SAT), if applicable.

Students interested in applying for the fall semester are urged to apply through the early admission process. Applications should be submitted to the Office of Admissions no later than December 1 to take advantage of certain scholarship and enrollment privileges. For students who do not take advantage of early fall admission, applications for the fall semester should be submitted prior to July 1. Applications for the spring semester should be submitted prior to November 1, and applications for the summer semester should be submitted prior to May 1. Contact the Office of Admissions for specific details. Admission to the University does not guarantee admission to specific programs.

Applicants for admission are asked to disclose details of previous civil or college discipline. The Office of Admissions and the Office of the Dean of Students will review information provided by the applicant and may request additional information and a personal interview with the applicant prior to reaching an admission decision. The University reserves the right to deny admission to an applicant or admit with
restrictions based upon the review. Individuals with a felony/criminal background (pending charges and SIS included) are not allowed to live in campus housing facilities. Misrepresentation of the facts or failure to provide requested information could be cause for refusal of admission, cancellation of admission or suspension from the University.

ADMISSION OF FIRST YEAR STUDENTS (Freshmen)

Applicants who have graduated from an accredited high school will be considered for admission to the University. Minimum admission requirements are based on ACT/SAT assessment standards (if taken) as well as high school grade point average. Additionally, applicants must complete the required high school core curriculum in effect at the time of admission.

Applicants must complete at least 17 units of preparation in high school including four units of English (two emphasizing composition or writing skills; composition, English I-IV, literature and one unit of speech or debate acceptable); three units of mathematics (Algebra I, Algebra II/Intermediate Algebra, Geometry, Trigonometry, Pre-Calculus, Calculus, Math Analysis acceptable); three units of social studies (one unit of American history and one semester of government required; contemporary issues, business law, economics, philosophy, psychology, sociology, world history also acceptable); three units of science (not including general science; select from physical science, biology, chemistry, physics, botany, zoology, astronomy, environmental science, earth science or anatomy & physiology; one must be a laboratory course); and one unit of visual/performing art (art, dance, music, or theatre). Three additional units must be selected from foreign languages and/or the subjects listed above. Two units of foreign language and additional units of science are strongly recommended.

Applicants who are seeking admission to a Southeast regional campus but do not meet the regular admission requirements may enroll at a regional campus through the Step Up to Southeast admission program.

Applicants who are classified as non-traditional are not required to take any testing for admission. High school transcripts with proof of graduation or high school equivalency (GED, HiSET) must be submitted. For additional information, contact the Office of Admissions.

Students who do not meet admission requirements may appeal to the Director of Admissions. The Director of Admissions and/or the University Academic Appeals Committee will make the final decision regarding admission appeals.

ADMISSION OF RETURNING STUDENTS

Undergraduate students who previously attended Southeast Missouri State University but have been away for one full semester, excluding summer, must apply for readmission. Students applying for readmission should submit the Undergraduate Application for Admission. In addition, official transcripts from all colleges attended since the last semester of enrollment at Southeast must be sent to the Office of Admissions. Readmission to Southeast is dependent on academic performance.

ADMISSION OF TRANSFER STUDENTS

Applicants from regionally accredited colleges or universities who have completed 24 transferable semester hours with a cumulative transfer grade point average of 2.0 or higher on a four point scale are considered for admission upon presentation of official transcripts showing statements of credits and honorable dismissal. Applicants who have completed fewer than 24 transferable semester hours must also meet First Year Student admission requirements.

Transfer students under temporary or limited academic suspension from another college may be considered for admission to the University only after the suspension period has been satisfied. Transfer students under indefinite academic suspension from another college are considered for admission only if they appeal to the Director of Admissions. The Director of Admissions may bring the appeal to the University Academic Appeals Committee for review. For specific information about academic standing, refer to the heading Academic Standing under Academic Policies and Procedures. Appeals must be received no later than one month before the start of the term for which admission is requested. Letters of appeal must include the applicant’s assessment of the reason for earning below average grades and how the applicant plans to overcome past difficulties if accepted.

Articulation Agreement.

The University has ratified Articulation Agreements with the public colleges and universities in Missouri, with Arkansas Northeastern College in Arkansas, with Southwestern Illinois College, John A. Logan College, Kaskaskia College, Lewis and Clark Community College, Rend Lake College, Shawnee College, and Southeastern Illinois College in Illinois, with West Kentucky Community and Technical College in
Credit Accepted.
Credit from other institutions is accepted only to the extent that it counts toward a transfer degree in the institution where it was earned. Ordinarily, vocational/technical courses will not be transferable.

Completion of General Education Requirements: In accordance with the Credit Transfer: Guidelines for Student Transfer and Articulation among Missouri Colleges and Universities, approved by the Missouri Coordinating Board for Higher Education (CBHE) in June 2000 and revised in April 2013, students who transfer from Missouri public colleges and universities and Missouri private institutions that adhere to these guidelines will be considered as having met the general education requirements if they complete:

- an Associate of Arts (AA) degree; or,
- an Associate of Arts in Teaching (AAT) degree; or,
- the Missouri 42 semester-hour block of general education credit; or,
- the designated general education program at the other institution, provided that the institution certifies the student's completion of that program.

Students with an AA or AAT degree from an out-of-state institution accredited by a United States Department of Education recognized regional accrediting agency will also be considered as having met general education requirements at Southeast, with the exception of the Missouri Constitution Requirement.

While AA and AAT degree holders are considered as having met the general education requirements, students are required to complete general education classes required as part of the major area of study curriculum.

Transfer Credit Appeals.
A student has the right to appeal a denial of transfer credit from an accredited college or university. Questions about awarding of transfer credit should first be addressed to the Office of the Registrar. If the student’s appeal is denied by the Registrar, a student may petition the University Academic Appeals Committee to review the appeal. If the student’s petition is denied by the University Academic Appeals Committee, an appeal may be made to the Provost of the University. The Provost is the final level of appeal within the University. A student whose appeal is denied by the Provost may appeal to the state-level committee on articulation and transfer. Appeal requests must state in writing the reason for the appeal and be sent to: Commissioner of Higher Education, Coordinating Board for Higher Education, 3515 Amazonas Drive, Jefferson City, MO 65109.

Admission of International First Year Students
Applicants who are not citizens or permanent residents of the United States must apply through the Office of International Education and Services. The application process is outlined at https://semo.edu/international/how-to-apply.html.

Applicants who do not meet the required English proficiency may apply for conditional admission to undergraduate study by first completing the University’s Intensive English Programs (IEP).

Admission of International Transfer Students
International students with transferable hours from another college or university are considered transfer students. Transfer students must meet all admission criteria as international first year students (see above) as well as submit official course descriptions. In addition, international students transferring from within the United States must submit a copy of their I-20 or DS 2019 and the SEVIS transfer eligibility form (https://semo.edu/pdf/international-transfer-form.pdf).

Foreign Language Credit:
Non-native speakers of English who are pursuing a degree that requires a study of a foreign language may request their native language satisfy their requirement. Students should contact the Department of History and Anthropology for information and to obtain a waiver of the requirement.
Admission of Exchange or Visiting Students from Partner Institutions

International students in good standing, who plan to participate in a short-term exchange program from an approved partner institution, are admitted through the Office of International Education and Services. The process includes: (1) Completing the application (https://semo.edu/international/apply.html) (2) Application fee where applicable (3) Verification of English proficiency in accordance with the exchange agreement that governs the student's participation. (4) Submit any additional transcripts in accordance with the exchange agreement that governs the student's participation. (5) Submit evidence of financial resources necessary to cover the estimated cost of attendance for the duration of the exchange. The estimated cost of attendance will be in accordance with the exchange agreement that governs the student's participation.

In addition to the above, the exchange coordinator at the partner institution must complete a nomination form (https://semo.wufoo.com/forms/w155lss01h4wy4l/).

Admission of Visiting Students (not from Partner Institutions)

In rare circumstances, prospective international applicants with lawful presence in the United States may enroll as a visiting student. Visiting students applying individually and not through an approved partner, are classified as non-degree seeking students, so they are ineligible for Southeast Missouri State University's 1-20 or DS 2019. But in all circumstances, visiting students must apply for admission to the university in the same way that a degree seeking international student would. International visiting students who then decide to pursue a degree program must follow all admission procedures for the appropriate classification as outlined in the undergraduate or graduate bulletin.

Intensive English Program

The IEP serves the needs of international students who want additional English language study before undertaking, or to complement, their academic studies at the university. Undergraduate applicants who lack the required English Proficiency may be given conditional admission, whereby they must complete the IEP or submit the required official test score prior to beginning undergraduate study. IEP students who successfully complete one or more advanced level courses may be eligible to bridge to undergraduate courses while completing the remaining IEP courses.

SPECIAL ADMISSION

Visiting Students.

Students in good standing at other colleges and universities may enroll as visiting students. Visiting students are classified as non-degree seeking students, so they are not eligible for financial aid.

Early College Credit Program.

The Early College Credit (ECC) program is designed to encourage high school students with outstanding ability to begin earning college credit after completion of their sophomore year. To be eligible for the ECC program students must have a 'B' average or equivalent in all high school work attempted or be superior in a specified area of academic work, be recommended by their principal or counselor, and meet specified course prerequisites.

Special Students.

Applicants who do not intend to pursue a degree or other award given by the University may be admitted as special students. Special students who later decide to pursue a degree program must do so through the procedure established for admission of regular students. Credits earned as a special student may be applied toward a degree only with the approval of the Registrar and the chairperson of the department in which the student majors. Special students are not eligible for financial aid.

ORIENTATION

First-Year Student Orientation

First STEP (Southeast Testing & Enrollment Program) is the required Orientation program for all students who enter the University as a new student with fewer than 24 transferable college credit hours (at least
one semester post-high school graduation). First STEP is a one-day program held the semester before a student begins his or her academic career at Southeast. The program includes academic advising, registration for classes, residence hall information, services for students living off campus, financial aid, billing and parking information, campus tours and student ID pictures. First STEP includes informative programs designed for students and family members. A $150 non-refundable orientation fee, which covers all Southeast orientation events, will be charged to the student's account after attendance at First STEP. Southeast also offers an opening week orientation held four days before classes begin in the fall semester. The opening week orientation includes academic and social activities in which students interact with the faculty, staff and students of the Southeast community.

Transfer Student Orientation.
Transfer Orientation is designed for students with 24 or more college credit hours transferring to Southeast Missouri State University. All transfer students are encouraged to attend Orientation, which is offered several times throughout the year. This one-day session includes academic advising, registration for classes, residence hall information, services for off-campus students, financial aid, billing and parking information, campus tours and student ID pictures. A $75 non-refundable orientation fee, which covers all Southeast orientation events, is charged to a student's account after attending Transfer Orientation.

Online Student Orientation.
Online student orientation is required for all new students entering an online-only degree program. It is designed to give students information on academic advising, services available for distance students, financial aid and billing, and more. The program is delivered through Moodle, the University's online learning management system, and is designed to familiarize students with the program they will use to complete much of their coursework. There is no charge to complete online orientation.

International Student Orientation.
International Student Orientation is required for all new first year, new transfer and visiting/exchange international students before they begin their academic career at Southeast. International Student Orientation is held the week before school starts each fall and spring semester. This program includes immigration and cultural advising, safety and security information, classroom expectations, placement testing, academic advising, registration for classes, financial and billing information, campus tours, and student ID card photos. A one-time $200 non-refundable orientation fee, which covers all orientation events for international students, will be charged to the student's account after International Student Orientation.

ADMISSION TO ATHLETIC TRAINING EDUCATION PROGRAM

Admission to the Athletic Training Education Program (ATEP) is competitive and selective. Completion of the application standards does not guarantee admission into the ATEP. Final admission into the program rests with the decision of the ATEP Selection Committee. Enrollment in the ATEP is typically limited to 20 students per academic year. The ATEP does institute a Conditional Acceptance Policy. This policy allows a candidate to be considered for entry into the ATEP despite not meeting all requirements because of unusual and/or extenuating circumstances which may have potentially affected their application process. Successful completion of the ATEP is necessary for the completion of the Athletic Training major.

Students interested in entry into the ATEP are considered Pre-Athletic Training majors and must:

1. Complete the following courses with a grade "C" or better by the end of the semester of application: HL 251, HL 280, MA 116 or higher, EN 140, PY 101, BS 113, and BS 114. HL 251 and 280 must be taken through Southeast Missouri State University. HL 280 includes observation hours (non-patient care) completed under the direct supervision of a preceptor. Students will be evaluated throughout the observation hours.
2. Provide verification of a minimum cumulative grade point average (GPA) of 2.50 by the end of the semester of application.
3. Provide proof of current First Aid, CPR, and AED certification.
4. Demonstrate the ability to meet the technical standards for admission including a signed, technical standards form and a current physical examination (see ATEP website for more information).
5. Provide proof of tuberculosis screening and vaccination of MMR, tetanus, Hepatitis B (or HBV declination).
6. Completion of Bloodborne Pathogen Training.
7. Demonstrate compliance with all the ATEP’s policies and procedures (see ATEP website for more information).
8. Complete a formal interview with members of the ATEP Selection Committee to assess the psychosocial development of the candidate.
9. Complete an entrance written examination.
10. Submission of three letters of recommendation utilizing the form within the ATEP application.
11. Submission of the completed ATEP application.

The ATEP application is DUE on or before April 1st by noon to the ATEP Director’s office located in Parker Hall 215F. Following admission into the ATEP, completion of the program requires a minimum of five consecutive semesters.

ATEP Admissions Grievance Policy.

Students will be notified in writing by the ATEP Director regarding the admission decision. Communication regarding the decision of the Selection Committee can only occur directly with the student in question unless he/she has provided written permission to discuss the content with a third party. Students are given the opportunity to discuss the rationale of the Selection Committee with the ATEP Director. If a student is not satisfied with the explanation of the decision, he/she may request a review of the objective selection criteria by the Chair of the Department of Health, Human Performance and Recreation. An official request for review must be received in writing by the Department Chair within ten business days from the mailing date of the admission decision letter.

ATEP Policy on Retention.

Matriculation clause: All ATEP courses must be completed in the original curriculum sequence. To advance in the course sequencing, students must earn a “C” or better in all required coursework within the major. A student failing to earn a “C” or better within the major will not matriculate into more advanced coursework until the grade is improved.

Other Non-Academic Retention Criteria:
1. Maintaining First-Aid, CPR, and AED certification.
2. Obtain annual physical examination.
3. Demonstrating compliance with the ATEP policies and procedures, the NATA code of Ethics, and the University’s academic policies and procedures and student code of conduct.
4. Obtaining annual TB vaccinations.
5. Completing annual Bloodborne Pathogen training.
6. Continuing to meet the ATEP Technical Standards for Admission.
7. Other criteria as deemed necessary of students by the Commission on Accreditation for Athletic Training Education (CAATE).

Additional requirements and fees: Refer to the ATEP website for current information.

ADMISSION TO DIETETICS OPTION (Human Environmental Studies Major: Dietetics Option):

The Declaration of Major does not constitute admission to the program. Students may complete the Declaration of Major form and be assigned an advisor in the department of Health, Human Performance, and Recreation any time after they have been admitted to the University and have begun attending classes.

Students wishing to be formally admitted into the Dietetics Option must meet the following admission criteria:
1. Completion of 45 semester hours with a minimum grade point average (GPA) of 3.0 overall including the following course work (or equivalent) with a minimum grade of “C”: BS 113; CH 181; EN 140; FN 235; MA 115/MA 116.
2. Completion of all developmental courses (if applicable).

Admission Procedures:
1. Each student will complete a declaration of major form. When eligibility requirements have been met, an application for admission must be completed and submitted to the departmental office by February 28. The director of the Dietetics Program will determine if all admission criteria are met. The program director will send a letter of acceptance by April 1 with a copy of the admission policy to
successful applicants. Those individuals who do not meet the admission criteria will be notified in writing and may reapply one additional time the following year by February 28.

2. Each semester, grades will be reviewed by the DPD director. Any student failing to meet retention requirements will be notified by mail within ten days of final grade postings. Students must complete an application for reinstatement if they wish to re-take coursework that failed to meet retention requirements.

Retention Requirements:
Students will be retained as dietetic majors providing the following retention criteria are met:
1. Completion of all required courses as outlined in the degree requirements in the Undergraduate Bulletin.
2. Maintain a cumulative GPA of 3.0 each semester and an overall GPA of 3.0 in all required coursework for the major courses – as outlined in the degree requirements in the Undergraduate Bulletin.

Graduation Requirements:
In order to receive a verification statement for completion of the required didactic curriculum, accredited by The Accreditation Council for Education in Nutrition and Dietetics, the accrediting agency for the Academy of Nutrition and Dietetics, students must meet all requirements put forth for both admission and retention and be approved for graduation by the Registrar at Southeast Missouri State University. The student who completes this degree must additionally complete a minimum of 1200 supervised practice hours of pre-professional experience accredited/approved by The Accreditation Council for Education in Nutrition and Dietetics and successfully complete the registration examination for dieticians.

Admission/Retention Grievance Policy:
Any student denied admission or retention to the dietetics program will be notified in writing by the Program Director. Students are given the opportunity to discuss the rationale of the decision with the Program Director. If a student is not satisfied with the explanation, s/he may request a review of the decision by the Chair of the Department of Human Environmental Studies. An official request for review must be received by the Department Chair in writing within 10 business days from the mailing date of the denial letter.

ADMISSION TO MASS COMMUNICATION PROGRAM OPTIONS
Any student wishing to be formally admitted into the Advertising, Multimedia Journalism, Public Relations, or Television & Film options within the Department of Mass Media must complete the Declaration of Major form and meet the following criteria:
1. Completion of a minimum 15-semester hours at Southeast Missouri State University or transferred from an accredited college or university.
2. Attain a minimum cumulative grade point average (GPA) of 2.0 on a 4.0 scale.
3. Completion of EN 100 or EN 140 with a minimum grade of “C.”

Retention Requirements:
Students must maintain the following requirements to continue with advanced coursework in the major:
1. Receive a grade of “C” or higher in all required coursework within the major. Courses may be repeated to raise grades below “C.”
2. Maintain a minimum 2.0 cumulative GPA and major GPA of 2.25 on a 4.0 scale. Students must have 2.25 major GPA to qualify for an off-campus internship.
3. Maintain a minimum GPA of 2.0 for all coursework within the Mass Communication major. A student failing to fulfill any of the above requirements will not be allowed to continue with more advanced coursework until the above criteria are met.

Graduation Requirements:
In addition to fulfilling all university requirements for graduation, students wishing to graduate with a major in Mass Communication must satisfy the following criteria:
1. Present a minimum of “C” or higher in all required coursework within the major.
2. Present a minimum overall GPA of 2.0 on a 4.0 scale. Present a minimum departmental GPA of 2.25 on a 4.0 scale.
3. Complete 75 hours outside of the MC prefix.
4. Complete a minor or second major outside of Mass Communication.
5. Complete an assessment activity, MC 001 Exit Interview, in the final semester of coursework.

ADMISSION TO NURSING PROGRAM

Students seeking a Bachelor of Science Degree in Nursing should select “pre-nursing” as their area of interest and begin taking the courses and/or general education categories listed below. Their assigned advisor will assist in selecting the best sequencing of these courses. The academic advisor will also furnish deadlines for admission materials to be submitted to the Department of Nursing. Applicants will be required to have completed all 59 prerequisite hours or to be enrolled in any of the still remaining courses at the time of application. These 59 prerequisite hours and 3 hours of elective credit must be completed before beginning nursing coursework.

Students with extraordinary circumstances, who have not completed all of the general education requirements or nursing prerequisites other than science courses, may appeal to the Department of Nursing’s Student Affairs Committee for an exception to the above policy. Those students, however, must be able to complete “outstanding” courses in the summer semesters occurring within the timeframe of their curriculum (one summer for fall admissions, two summers for spring admissions). Students who have 59 prerequisite hours and 3 hours of elective credit or are enrolled in these courses will be more competitive during the admission process.

Students must have earned a minimum cumulative grade point average (GPA) of 2.80, and a “C” or higher in required courses listed below.

The Missouri Board of Nursing limits the number of students admitted each semester; therefore, admission is competitive and is based on meeting all admission requirements, including completion of all prerequisites, achievement of minimum GPA, and completion of the HESI A-2 pre-admission exam.

Courses/Categories requiring a minimum grade of ‘C’:
- Anatomy & Physiology I & II
- Chemistry (CH181 fulfills a general education requirement)
- Microbiology
- Nutrition (FN235 fulfills a general education requirement)
- Psychological Development Across the Lifespan (PY220 fulfills a general education requirement)
- Statistical Reasoning (MA155 fulfills a general education requirement)
- Written Communication (EN 140 partially fulfills a general education requirement)

Students may access the department web site at http://www.semo.edu/nursing/ for complete information or contact the Department of Nursing directly.

Students who wish to qualify for admission and progression in the nursing program must meet performance requirements, as well as academic requirements. Performance requirements include cognitive, sensory, affective, and psychomotor competencies. A student must, with or without reasonable accommodations, satisfy these requirements. Potential students may access these performance requirements via the BSN Student Handbook on the Department of Nursing web site and review “Other Specific Nursing Program Policies.”

A nursing student who drops an NC or NS prefix course must also drop the course with the corresponding course number. (For example, if a student drops NC 387, s/he must also drop NS 387; if the student drops NS 387, s/he must also drop NC 387.)

A student who receives a grade below a “C” in an NS prefix course or a non-credit grade in an NC prefix course may not continue in the nursing program. However, he/she may apply for readmission. Students desiring readmission must address a letter/email of petition to the Department of Nursing Student Affairs Committee prior to the requested date of enrollment which includes plans for success in the failed course, must meet all current criteria for admission, and must have completed requirements and prerequisites for the requested level of entry. Readmission is dependent on record review, program space, and evidence that successful progress can be made toward degree completion. Requested readmission after two years out of the program has additional criteria. See the BSN Handbook for details or contact the Department of Nursing directly.

Students receiving a non-credit grade in any NC (clinical) prefix course must repeat and pass that course prior to enrolling any other nursing course, and must simultaneously audit the corresponding NS (theory) prefix course, even if a passing grade was received in the NS prefix course. If a student fails a second NC or NS prefix course, including a repeat of the previously failed course, he/she cannot continue in the nursing program and will not be eligible for re-admission at any time thereafter.
Transfer Students.
Admission of transfer students is on a competitive basis. Students who seek to be admitted by transfer must meet all University and department requirements, have completed all prerequisite courses, and must supply transcripts and course descriptions of previous coursework in nursing. Transfer students who have one failure of a nursing course elsewhere must meet additional specific criteria. See the BSN Handbook for details or contact the Department of Nursing directly.

Licensure.
To write the National Council Licensure Examination for Registered Nurses (NCLEX-RN) the applicant "shall be of good moral character and have completed at least the high school course of study, or the equivalent thereof as determined by the state board of education, and have successfully completed the basic professional curriculum in an accredited school of nursing" (Section 335.046 - State of Missouri Nursing Practice Act). Completion of the nursing education program does not guarantee eligibility to write the NCLEX. (Section 335.066, Missouri Nursing Practice Act) The full text of this section may be found on the Department of Nursing website and in the BSN Student Handbook online. The Missouri State Board of Nursing requires fingerprinting and a criminal background check for every applicant three months prior to graduation. Legal Limitations for Licensure. The Missouri State Board of Nursing, based on the Missouri Nursing Practice Act, Section 335.066 may refuse to issue a license based on a criminal prosecution prior to admission or during the curricular sequence for the nursing program. Students found to be convicted of serious crimes (felonies or substance abuse) will be reviewed by the Student Affairs Committee and may be suspended from or denied admission to the nursing program.

Non-English-Speaking Student Policy
Any student wishing to declare nursing as a major, whose native language is not English, is required to take the TOEFL. The TOEFL score cannot be more than two years old. Minimum scores for admission to the Department of Nursing at Southeast Missouri State University are 100 cumulative score, and no less than 20 on individual scores for speaking, writing, reading and listening. Students with less than this required score are encouraged to obtain information about remediation with the Office of International Education and Services at (573)986-6863. Students, whose native language is not English, who wish to transfer from another academic institution must show evidence of the required scores or take the TOEFL prior to making application to the Department of Nursing for admission. The student whose native language is not English is required to meet all other admission requirements of other students applying for admission to the nursing program.

RN-BSN Students.
Registered nurses who graduated from an associate degree or diploma nursing program may apply to the RN-BSN Online Program. All degree requirements including both nursing and non-nursing courses are offered online. Nursing courses that require a field experience may be completed in the students’ geographical location where they hold an RN license and have an approved RN preceptor. Guidance is given by the course instructor by communicating online with the RN student and preceptor. Qualified students who are licensed RNs and hold a GPA of 2.50 or better and have completed a criminal background check are admitted every fall and spring semester until the class is full. Once RN-BSN students are enrolled in their final semester of the program, an additional 34 hours of baccalaureate nursing credit will be added to their transcripts. Both nursing and non-nursing courses completed at a prior college or university are included in the total number of credits earned. Registered nurse students should contact Southeast Online at (573)651-2766 or access http://www.semo.edu/nursing/rn/index.htm for more information.

ADMISSION TO SOCIAL WORK PROGRAM
Students wishing to be formally admitted into the social work major must meet the following admission criteria:
1. Completion of 45 semester hours with a minimum cumulative grade point average (GPA) of 2.25 overall.
2. Completion of the following coursework with a minimum grade of ‘C’: PY 101; SW 110*; SW 201*; SW 205; SW 207*; SW 221*; SW 222*; SW 242*.
4. Completion of all developmental courses (if applicable).
Once students are formally admitted to the program, they are eligible to enroll in the following courses: SW 307, SW 308, SW 310, SW 321, SW 322, SW 323, SW 342, SW 449, SW 450. *SW 110, SW 201, SW 205, SW 207, SW 221, SW 222 and SW 242 may NOT be repeated for admission to the social work major without written permission from the student’s faculty advisor and the Social Work Program Coordinator.

Retention Requirements:
Students will be retained as social work majors providing the following retention criteria are met:
1. Completion of the following foundation courses with a minimum grade of ‘C’: SW 307; SW 308; SW 310; SW 321; SW 322; SW 323; SW 342.
2. Courses may be repeated to raise grades below ‘C’ with written approval from the student’s faculty advisor and the Social Work Program Coordinator.
3. Maintain a cumulative GPA of 2.25.
4. If a student’s cumulative GPA has fallen below 2.25, the student will not be allowed to enroll in any remaining social work courses until the GPA requirement is met.

Graduation Requirements:
In addition to fulfilling all University requirements for graduation social work majors must satisfy the following criteria:
1. A cumulative GPA of 2.25.
2. Completion of integrated seminar and field education, i.e., SW 449 with minimum grade of ‘C’.
3. Completion of 448 hours of field education, i.e., SW 450 (Credit/No Credit).

ADMISSION TO SPORT MANAGEMENT MAJOR
Students interested in the professions in sport management may contact the Department of Health, Human Performance and Recreation to declare the pre-major in Sport Management anytime after being admitted to the University. Upon completion of the declaration of major form, each student will be assigned an advisor within the department.
The declaration of major form does not constitute formal admission to the Sport Management program. Students are formally admitted to the major upon submission of the application to the director of the Sport Management program. The director of the Sport Management program will review and verify the student meets the following prerequisites:
1. Present an overall minimum grade point average (GPA) of 2.50 on a 4.0 scale.
2. Complete a minimum 30 semester degree credit hours.
3. Complete the following courses with a grade of "C" or better: MA 116, MI 101, SC 105, EN 140 and SM 220.
4. The Sport Management Director will send a letter of acceptance with copy of admission policy to successful applicants via email. Those individuals who do not meet the admission criteria will be notified in writing.
5. Students denied acceptance are permitted to re-apply for admission after they have met the admission criteria.

Retention Requirements:
Students will be retained as Sport Management majors providing the following retention criteria are met:
1. Maintain a minimum overall GPA of 2.50.
2. Maintain a minimum major GPA of 2.50 with a “C” or higher in every course in the Sport Management major and Business Administration minor as outlined in the degree requirements in the Undergraduate BULLETIN. Courses may be repeated to raise grades below “C.”
3. Each semester, grades will be reviewed by the Sport Management director. Any student failing to meet retention requirements will be notified by mail within two weeks of final grade postings that they have a probationary semester to retake coursework. Students must complete an application for reinstatement if they wish to re-take coursework that failed to meet retention requirements. A student failing to fulfill any of the above requirements will not be allowed to continue with more advanced coursework until the above criteria are met.

Graduation Requirements:
In addition to fulfilling all University requirements for graduation, students wishing to graduate with a major in Sport Management must satisfy the following criteria.
1. Present a minimum overall GPA of 2.50.
2. Present a minimum major GPA of 2.50 with a “C” or higher in every course in the Sport Management major and Business Administration minor as outlined in the degree requirements in the Undergraduate BULLETIN.
3. Completion of required experiential learning opportunities: SM 370 Sport Management Practicum (minimum of 80 clock hours) and SM 470 Sport Management internship (minimum of 480 clock hours) with the approval and direct supervision of the Department of Kinesiology, Nutrition, and Recreation.
4. Completion of the exit survey at the end of SM 470.
5. Submission of a digital portfolio in the final semester of course work.

Accreditation:
Information pertaining to student learning and achievement in the sport management programs accredited by COSMA can be obtained by visiting the Department of Kinesiology, Nutrition, and Recreation website at http://semo.edu/health/sport_management.html or by contacting the department chair (interim), Dr. Jason Wagganer at jwagganer@semo.edu or 573-651-2197.

ADMISSION TO THE TEACHER PREPARATION PROGRAM
To be eligible for enrollment in the majority of courses offered by the Teacher Preparation Program and required for a teaching degree (BSE, BSFCSE, BME), students must be admitted to the Teacher Preparation Program (TPP). Applications can be found at www.semo.edu/education/edu_prep/admission.html. Students should apply for admission to the TPP upon having met the following entrance criteria:
1. 42 hours of coursework completed;
2. One of the following:
   a. Composite/Superscore of 20 or higher on the ACT exam
   b. Passing scores on all sections of the Missouri General Education Assessment (MoGEA)*#
   c. Have a previous 4-year degree from an accredited college/university
3. The following course requirements met:
   a. A minimum grade of ‘C’ in CF/PY120 The Child (Elementary, Early, and Exceptional) or PY222 Development of the Adolescent (Middle and Secondary)
   b. A minimum grade of ‘B’ in ED280 Introduction to Education as a Profession or ME222 Principles of Teaching Music.
4. A 2.75 cumulative GPA.
5. International Students must also meet the following requirements:
   a. C1 (CEFR) level
   b. IELTS minimum score of 7.0 or TOEFL minimum score of 95
   c. Note: This policy is for non-United States citizens who are not native English speakers. Students from the United Kingdom, Canada, Australia, and New Zealand are exempt from English proficiency verification
*English/Lang Arts 202, Writing 193, Math 200, Science/Social Studies 204.
#Students already admitted to the University should take the MoGEA instead of re-taking the Act.

RETENTION IN THE TEACHER PREPARATION PROGRAM
After admission, students must continue to meet the following requirements for retention in the TPP:
1. Demonstrate continued eligibility for interaction with schoolchildren by completing an MSHP/FBI background check through the use of the MSHP/FBI background check system. (A current background check is required for participation in all field and clinical experiences.);
2. Pass all professional education courses with a minimum grade of ‘C.’ A minimum grade of ‘C’ must be obtained in all prerequisite courses before a student can be enrolled in subsequent coursework. Students who, after two attempts, have still not earned a minimum grade of ‘C’ in a particular professional education course will be removed from the Teacher Preparation Program.
3. Demonstrate behavior appropriate for teaching professionals. Appeals related to removal from the TPP can be found at www.semo.edu/education-health/edu-prep/admission.html
TEACHER CERTIFICATION

Upon completion of Southeast’s Teacher Preparation Program an individual is eligible to be recommended for a Missouri Teaching Certificate if the student has the following:

1. A final 2.75 cumulative GPA
2. A final 3.0 GPA in both pedagogy and content coursework;
3. A passing score on the appropriate licensure exam(s) as required by the Missouri Department of Elementary and Secondary Education;
4. A passing score on the Teacher Candidate Instrument of the Missouri Educator Evaluation System;
5. MSHP/FBI background clearance from no earlier than one year prior to the date of the application for certification.

ADDITIONAL NOTES: Regardless of printed program requirements, any changes or additions mandated by the State of Missouri will become effective on the date cited by the regulations. Students transferring into education programs should be aware of the need to be eligible for admission to the teacher preparation program immediately upon transfer. They should contact the Candidate Status and Certification Officer well in advance of the time of transfer. It is especially important that transfer students in the College of Education make arrangements for having ACT and/or MoGEA scores transferred to the University.
ADMISSION TO THEATRE AND DANCE PROGRAM
Students interested in any of the professions associated with the Bachelor of Fine Arts in Performing Arts or the Bachelor of Arts in Theatre and Dance programs must first declare a major in Theatre and Dance. Upon completion of the declaration of major form, each student will be assigned an advisor within the conservatory. For students declaring either the BA in Theatre or Dance, the declaration of major form constitutes full admission into the program. For students declaring either the BFA in Theatre or Dance, the declaration of major form does not constitute full admission into the program; rather, students will first be declared as “pre-theatre and dance BFA” majors.
For formal admittance into the BFA in Performing Arts degree program, each student must:
1. Have earned a minimum 3.0 high school, junior college or university GPA.
2. Audition or present a portfolio at the fall or spring BFA Admittance Auditions. For early admission, incoming students (freshmen or transfers) may audition the year prior to their first semester at Southeast; otherwise, they will audition their first year at Southeast. To apply, go to http://www.semo.edu/theatreanddance/prospective/thd_scholarship.html
For continuance in the BFA degree program, each BFA Candidate must:
1. Have earned a minimum 3.0 high school, junior college or University GPA.
2. Gain admittance into the program by participating in a BFA Admittance Audition and receiving passing artistic marks from participating faculty.
3. Earn a grade of C or better in all courses that are major requirements.
4. Earn a grade of B or better in all DA105 and DA305 courses.
5. Maintain a GPA of 3.0 or higher within the BFA program and a minimum overall University 2.5 GPA.
6. Maintain requisite academic grades and participate in annual BFA reviews, receiving passing academic and artistic marks to advance in the program.
Admitted candidates whose GPA fall below minimum standards may remain in the BFA program on conservatory probation through the end of the current semester, plus grades from the two subsequent regular semesters, at which time they will regain full status or be dismissed from the program.
Admitted candidates whose artistic progress falls below minimum acceptable standards as determined by the faculty may remain in the BFA program on artistic probation for one regular academic semester, at which time they will go through a special BFA review as part of one of the regular BFA admission auditions. From that, they will either regain full status or be dismissed from the program.

RETENTION/GRADUATION REQUIREMENTS FOR THE BUSINESS ADMINISTRATION DEGREE PROGRAM
Retention Requirements:
1. An overall cumulative GPA of 2.25.
2. A GPA of 2.25 in upper division (300 level and above) courses in the major.
3. A grade of ‘C’ or better in upper division core courses: MG 301, MK 301, FI 361, MI 375, QM 352, BA 490 and the international business course.

Graduation Requirements:
1. An overall cumulative GPA of 2.25.
2. A GPA of 2.25 in upper division (300 level and above) courses in the major.
3. A grade of ‘C’ or better in upper division core courses: MG 301, MK 301, FI 361, MI 375, QM 352, BA 490 and the international business course.
Fifty percent of an individual’s business degree program (60 hours) must be comprised of non-business courses.
Fifty percent of the business hours counted toward a business degree must be taken at Southeast Missouri State University.
RETENTION/GRADUATION REQUIREMENTS FOR THE COMMUNICATION DISORDERS PROGRAM

Students interested in the professions of speech-language pathology or audiology may contact the Communication Disorders Department to declare the major in Communication Disorders anytime after being admitted to the University. Upon completion of the declaration of major form, each student will be assigned an advisor within the department.

Retention Requirements:
Students will be retained as communication disorders majors providing the following retention criteria are met:
1. A minimum GPA of 2.75 in the major courses must be maintained, with a grade of ‘C’ or better in all major courses. Any course within the major with a grade of ‘D’ or ‘F’ must be repeated prior to taking a class for which it is a prerequisite.
2. A student who completes a semester with a major GPA below 2.75 will be placed on probation within the major for the next semester of enrollment. If a major GPA of 2.75 is not achieved by the end of the probationary semester, the student will not be allowed to continue in the Communication Disorders major.

Retention Grievance Policy:
Any student who is not retained in the Communication Disorders major will be notified by the Chairperson of the Department of Communication Disorders. The student will be given the opportunity to meet with the Department Chairperson to discuss the rationale of the decision. An official request for review of the decision must be received by the Chairperson within 10 business days of the mailing date of the denial letter.

Graduation Requirements:
In addition to fulfilling all University requirements for graduation, students wishing to graduate with a major in Communication Disorders must satisfy the following criteria:
1. Present a minimum overall GPA of 2.50.
2. Present a minimum major GPA of 2.75.

STUDENT ACCOUNTS

Fee/Policy Changes.
All fees and financial policies are subject to change by the Board of Regents without prior notice. Fees are typically set annually and available by June for the upcoming year. For the most updated information, complete fee schedule, and policy/procedures, please visit www.semo.edu/sfs or contact Student Financial Services.

Tuition/General Fees.
Tuition and general fees are required costs per credit hour and assessed for all courses to cover educational and other expenses not funded by the State of Missouri, as recommended by Student Government and approved by the Board of Regents.

Additional Fees.
Students may incur additional fees for certain processes or courses to cover the cost of consumable supplies, specialized equipment, and/or other unique expenses. These may include, but are not limited to: admission applications fees, special course fees, program fees, electronic course access, online/webinar fees, graduation fees, etc.

Housing Fees.
Room and board fees vary depending on the accommodations and meal plan chosen. For specific information on the variety of living options or meal plans, contact the Office of Residence Life at (573) 651-2274 or visit www.semo.edu/residencelife.
Textbook Rental/Purchase.
Undergraduates may rent most textbooks at a reduced fee per course. Graduate students are required to purchase textbooks.

Payment of Account Balances.
Students are required to pay their account balances by the published due dates using one of the following methods:
1. Payment in full
2. Confirmed financial aid greater than all charges
3. Enrollment and 1st payment of an Installment Payment Plan (IPP).
Monthly statements are mailed when a balance is due. However, when time does not allow for USPS mailing, an email notification of a balance due (eBill) is issued. Payments must be received by the end of business on the due date. Past due balance will prevent future enrollment, transcript requests, university services, and may result in late fees or other consequences.
Payment is accepted in the following forms: cash, check, ACH (online check), money order, or debit/credit card (Visa, MasterCard, Discover). Note: All debit/credit card payments are subject to a service fee of 2.5%, up to a maximum of $50 per transaction.
Installment Payment Plan. Southeast offers several Installment Payment Plan (IPP) options.

Enrollment in the IPP is per semester. The first payment must be made at the time of IPP enrollment and is available with each method of payment (i.e. online, in-person, etc.). IPP payment amounts calculate on all current semester charges and will vary from month to month if additional charges are incurred. The first payment must include the first installment, enrollment fee, and any prior semester balances.

Late Payment/Consequences.
Failure to make on-time payment may result in late fees, (up to $25 for active students) or class cancellation. Students are obligated to promptly pay all charges owed, including attorney fees and collection costs (not to exceed 40%).

Returned Check Fee.
All returned checks (including online ACH) are subject to a $20 Returned Check Payment fee for any return. Students who have checks returned may lose check writing privileges and be subject to disciplinary action. Returned check payments must be redeemed by certified funds (cash, credit card, certified check).

Financial Probation/Cancellation.
If a student’s account is past due, the student may be placed on financial probation. If after efforts to notify the student appropriate action to pay the balance is not taken, the student may be financially cancelled and become unable to attend classes, take tests, or receive grades. Failure to pay the balance and become reinstated into the courses (reinstatement fee applies) by an established due date will result in not receiving any academic credit for the term, and the student will still be responsible for all charges due to the university.

Fee Adjustments for Tuition, General, and Course-related Fees.
Students can withdraw from the University or drop specific classes using the web registration system until the published “Last Day to Drop a Class”. Fee adjustments for withdrawal/dropped class(es) are based on the date in which online or written withdrawal is processed. The following fee adjustment periods will apply:

For additional information regarding policy and procedures of fee adjustments and details related to Federal Title IV credits and Returns to Title IV (R2T4), please refer to section 02-18 of the University’s Business Policy and Procedure Manual at www.semo.edu/pdf/FinAdm_02-18_Policy.pdf.

Refund of Credit Balances.
Refunds are processed within 14 days after a credit balance exists OR after the start of the semester, whichever is later. Refunds can be directly deposited to your checking or savings account or sent by check to your permanent home address on record. Refunds will continue to be processed on a weekly basis throughout the semester. For additional information, please visit the SFS website at www.semo.edu/sfs/balances.html.

Online Account Access.
Using the online Account Summary (portal.semo.edu), students can choose to enroll in direct deposit for refunds, view account history, make payments, or grant/edit authorized user access, or view the ‘Online Schedule Bill’ for a printable statement. Authorized user access can be given to any person(s) the student approves (i.e. parent, spouse, guardian, etc.).

ACADEMIC POLICIES AND PROCEDURES

ABSENCE FROM CLASS
Students are expected to attend all classes and to complete all assignments for courses in which they are enrolled. An absence does not relieve the student of the responsibility to complete all assignments. If an absence is associated with a university-sanctioned activity, the instructor will provide an opportunity for assignment make-up. However, it is the instructor’s decision to provide, or not to provide, make-up work related to absences for any other reason.
A student not present for class during the entire initial week of a scheduled course may be removed from the course roster unless the student notifies the instructor by the end of the first week of an intention to attend the class. Questions regarding the removal process should be directed to the Registrar.
Attendance is required at all class meetings of developmental courses. (See Developmental Courses.)

ACADEMIC FRESH START POLICY
The Academic Fresh Start policy is an appeals procedure that allows a student returning to Southeast Missouri State University after a prolonged absence to request academic forgiveness of prior cumulative grade point average (GPA). The policy is designed for undergraduate students who have gained maturity outside of higher education and have demonstrated acceptable academic performance following their return. The granting of an Academic Fresh Start is subject to the following conditions:

1. Academic Fresh Start applies only to returning undergraduate students who had previously completed 30 or fewer semester hours and have had an absence of at least three calendar years from any post-secondary institution.
2. Academic Fresh Start will affect all courses (including transfer credit) taken prior to the three-year absence. It may be elected only one time and is irrevocable.
3. A minimum of 12 semester hours of graded courses with a GPA of 2.0 must be completed after returning to Southeast before an Academic Fresh Start may be requested. For purposes of consideration for Academic Fresh Start, degree and non-degree credit courses will be used to compute GPA. No requests will be considered after the student’s first application for a baccalaureate degree.

4. The student must submit a written request to the Office of the Registrar. The request must have written approval of the student’s advisor or designee.

5. Upon the approval of the University Registrar, the student will be granted an Academic Fresh Start. The student’s permanent academic record will remain a record of all coursework completed, including transfer credit recorded on the permanent academic record. Courses taken prior to the three-year absence will not be used in computing GPA and CANNOT be used to meet any requirements (e.g., degree, prerequisite, certification).

NOTE: Academic Fresh Start is a policy of Southeast Missouri State University and may not be recognized by outside agencies or other institutions.

NOTE: Although Academic Fresh Start provides academic forgiveness of prior cumulative GPA, the credit hours of prior courses attempted will still be considered in determining the PACE requirement for maintaining Satisfactory Academic Progress (SAP) for financial aid purposes. Contact Student Financial Services to determine the potential impact of Academic Fresh Start on future financial aid eligibility before submitting an appeal for Academic Fresh Start.

ACADEMIC HONESTY

Academic honesty is one of the most important qualities influencing the character and vitality of an educational institution. Academic misconduct or dishonesty is inconsistent with membership in an academic community and cannot be accepted. Violations of academic honesty represent a serious breach of discipline and may be considered grounds for disciplinary action, including dismissal from the University.

Academic dishonesty is defined to include those acts which would deceive, cheat, or defraud so as to promote or enhance one’s scholastic record. Knowingly or actively assisting any person in the commission of an above-mentioned act is also academic dishonesty.

Students are responsible for upholding the principles of academic honesty in accordance with the “University Statement of Student Rights” found in the undergraduate or graduate bulletin. The University requires that all assignments submitted to faculty members by students be the work of the individual student submitting the work. An exception would be group projects assigned by the instructor. In this situation, the work must be that of the group. Academic dishonesty includes:

Plagiarism.

In speaking or writing, plagiarism is the act of passing someone else’s work off as one’s own. In addition, plagiarism is defined as using the essential style and manner of expression of a source as if it were one’s own. If there is any doubt, the student should consult his/her instructor or any manual of term paper or report writing. Violations of academic honesty include:
1. Presenting the exact words of a source without quotation marks;
2. Using another student’s computer source code or algorithm or copying a laboratory report; or
3. Presenting information, images, judgments, ideas, or facts summarized from a source without giving credit.

Cheating.

Cheating includes using or relying on the work of someone else in an inappropriate manner. It includes, but is not limited to, those activities where a student:
1. Obtains or attempts to obtain unauthorized knowledge of an examination’s contents prior to the time of that examination.
2. Copies another student’s work or intentionally allows others to copy assignments, examinations, source codes or designs;
3. Works in a group when she/he has been told to work individually;
4. Uses unauthorized reference material during an examination; or
5. Have someone else take an examination or takes the examination for another.
General Responsibilities for Academic Honesty.

It is the University’s responsibility to inform both students and faculty of their rights and responsibilities regarding such important matters as cheating and plagiarism. Most of what is considered unethical or dishonest behavior can be avoided if faculty and students clearly understand what constitutes such practices and their consequences. The University community should also be aware of the procedures to be followed should a breach of academic honesty occur.

The faculty member is responsible for clarifying to his or her classes of those standards of honesty for class assignments or functions where such standards may be unclear or when such standards vary from the accepted norm. Further, some faculty may choose to utilize preventive measures (multiple exams, alternate seating, etc.) to help insure the maintenance of academic honesty. However, the use of such measures is the prerogative of the individual faculty member and is not a responsibility or requirement of faculty in general.

The fundamental responsibility for the maintenance of honesty standards rests upon the student. It is the student’s responsibility to be both familiar with the University policy on academic honesty and to uphold standards of academic honesty at all times in all situations.

Protocol for Adjudicating Alleged Violations of Academic Honesty.

Faculty members who discover evidence of academic dishonesty should contact the student within five business days of discovering the alleged dishonesty to arrange to meet and discuss the allegation. Prior to this meeting the faculty member may consult with the Department Chairperson, the appropriate Dean, and the Office of Judicial Affairs. The following sections describe the procedures to be adhered to in each of the listed instances: the student acknowledges the violation, the student denies the violation, and the appeals process. If the faculty member is the Department Chairperson, a departmental designee will assume the Department Chairperson’s role in this protocol and references to the Department Chairperson should be read as departmental designee. The procedures below should be followed with online, ITV or face-to-face classes.

Informal Resolution When Student Acknowledges the Violation

1. The faculty member will meet with the student suspected of engaging in academic dishonesty. Faculty for online courses will contact students via email with copies of the assignment under review attached.
2. If the student acknowledges the act of academic dishonesty, the faculty member will resolve the issue informally or move to the first step of the Procedure for Formal Resolution. Students enrolled in ITV or online courses who fail to respond to electronic correspondence from the faculty within five (5) business days will either receive academic sanctions or be referred for a formal hearing.
3. The faculty member has the discretion to determine the course of action after conferring with the student and may either excuse the student based on the facts or impose an appropriate sanction. If the faculty member considers the student’s actions not to be an egregious violation of the academic honesty policy or his or her action resolves the matter, then the matter is resolved.
4. In imposing a sanction or sanctions, faculty members must adhere to the grade sanction policy, if any, as described in the faculty member’s course syllabus. A faculty member’s grade sanction policy may not include permanent removal of the student from the course or suspension or expulsion from the University.
5. If a faculty member’s course syllabus does not include a grade sanction policy, a faculty member may impose one or more of the following sanctions: require the student to redo the work, fail the student on the work, or require the student to receive additional instruction as provided by the University Library, Writing Center, or other University resources.

Informal Resolution When Student Does Not Acknowledge the Violation or Does Not Accept Faculty’s Sanctions

1. If the student does not acknowledge the violation or believes the faculty’s sanctions are excessive, he/she can request a formal hearing.
2. Upon requesting formal hearing the student will follow Procedure for Formal Resolution.

Formal Resolution When Student Acknowledges the Violation and Faculty Refers for Judicial Action:
1. Faculty member determines whether the violation warrants referral to the department chairperson for judicial action.

2. If the faculty member believes that the violation warrants judicial action, notification should be provided to the student and the faculty member's chairperson within five (5) business days following the initial faculty-student discussion.

3. The Department Chairperson shall submit written notification (utilizing the approved form) to the appropriate dean and the Judicial Coordinator, with a copy to the student, within five (5) business days of receiving the faculty notification.

4. Within five (5) business days after receiving notification from the Department Chairperson, the Judicial Coordinator will schedule a judicial conference to address the charge (assign sanctions) of academic dishonesty. The Judicial Coordinator will immediately initiate written contact with the student enrolled in online or ITV courses per electronic correspondence.

5. In addition to being required to complete the sanction or sanctions imposed by the faculty member in accordance with the guidelines in the Procedure for Informal Resolution When Student acknowledges the Violation, the student will be placed on Disciplinary Probation at least through the next semester in which the student is enrolled at Southeast Missouri State University. If the student is not in good disciplinary standing, the Judicial Coordinator will follow the Code of Student Conduct to determine the appropriate disciplinary sanction.

6. In addition to the original faculty sanctions, the Chair can impose additional sanctions in accordance with the guidelines in the Procedure for Informal Resolution When Student Acknowledges the Violation.

7. The Department Chair may recommend failing the course, suspension or expulsion if he/she believes the incident warrants more severe action than Disciplinary Probation. These recommendations, along with supporting documentation, will be shared in writing with the appropriate Dean and Judicial Coordinator (with a copy to the Dean of Students).

8. The Judicial Coordinator will review documentation, meet with the student, and impose sanctions as warranted.

**Formal Resolution When the Student Denies the Violation**

In cases of alleged academic dishonesty where facts are disputed or denied by the student, the following procedures will be completed.

1. The faculty member will forward a written summary within five (5) business days of the initial discussion with the student to the department Chairperson. This summary must contain copies of all relevant materials and the names of any witnesses. Student access to information about the alleged incident will be determined in accordance with the guidelines published in the “Code of Student Conduct” found in the Student Handbook.

2. Within five (5) business days after receiving the written summary of the incident from the faculty member, the Department Chairperson will contact the faculty member and the student to arrange a formal hearing. The formal hearing will be conducted within two weeks of notification. The Department Chairperson will also notify the Judicial Coordinator of the formal hearing as soon as it is scheduled.

3. For online or ITV courses, the Department Chairperson will notify the student of the formal hearing via email. The student will be given five (5) business days to respond to the Department Chairperson’s notification.

4. The Judicial Coordinator will immediately initiate written contact with the student to review the student's rights in the judicial process, the allegations against the student, and the hearing procedures. The Judicial Coordinator will inform the student that he or she may select a person of the student's choosing to accompany him or her to the formal hearing. Such a person may act only in an advisory capacity during the formal hearing. Students in online or ITV courses may have this advisory person review the evidence and the student's response.

5. The Department Chairperson shall consult with the Judicial Coordinator or the Dean of Students regarding the student's due process rights before proceeding with the formal hearing.

6. The hearing will be conducted by the Department Chairperson in accordance with the standards provided in the University's “Code of Student Conduct” found in the Student Handbook. For students enrolled in online or ITV courses, the Department Chair will send the evidence to the student electronically. The student will be given five (5) business days to respond to the email. The Department Chair will review the evidence presented by the faculty and the student's response.
7. After the hearing (or review of evidence and online student response), the Department Chairperson will submit written notification of the result of the formal hearing to the appropriate Dean and the Judicial Coordinator with a copy to the student within five (5) business days.

8. If the student is found not in violation of the academic honesty policy, then the case will be dismissed.

9. If the student is found in violation of the academic honesty policy, then the student will be required to complete the sanction or sanctions imposed by the faculty member in accordance with the guidelines in the Procedure for Informal Resolution When Student Acknowledges the Violation.

10. The Department Chair will refer the student to the Judicial Coordinator who will place the student on disciplinary probation at least through the next semester in which the student is enrolled at Southeast Missouri State University. If the student is not in good disciplinary standing, the Judicial Coordinator will follow the Code of Student Conduct to determine the appropriate disciplinary sanction.

11. In addition to the original faculty sanctions, the Chair can impose additional sanctions in accordance with the guidelines in the Procedure for Informal Resolution When Student Acknowledges the Violation.

12. The Department Chair may recommend failing the course, suspension, dismissal or expulsion if he or she believes the incident warrants more severe action than disciplinary probation. These recommendations, along with supporting documentation, will be shared in writing with the appropriate Dean and Judicial Coordinator (with a copy to Dean of Students).

13. The Judicial Coordinator will review documentation, meet with the student, and impose sanctions as warranted.

Appeals:

Either the student or the faculty member may appeal the result of the formal hearing.

1. An appeal must be made within five (5) business days after the decision is rendered.

2. Appeals must be in writing through e-mail, local mail or personal delivery.

3. There are two levels of the appeals process. The All University Judicial Board is the first level and the Provost is the second and final level of appeal.

The appeals process is not for retrying or rehearing a case. At each level, an appealed case merits being heard based on the following conditions.

1. An excessive sanction when compared with previous sanctions for similar violations under similar circumstances. *

2. The discovery of significant new information relevant to the case.

3. Procedural error regarding the student's rights involving error in the administration of judicial procedures by the faculty, Department Chair or Judicial Coordinator.

Decisions made during the appeals process can result in one of the following.

1. The sanction being altered based on a finding that the sanction is not consistent with past practice.

2. A new hearing being granted based on new information.

3. A new hearing being granted because the Protocol for Adjudicating Alleged Violations of Academic Honesty was not applied appropriately.

No grade penalty should be assigned by the faculty member until the judicial process determines that an act of academic dishonesty has occurred. If the charges cannot be resolved prior to the end of the current semester, a grade of 'I' should be assigned pending the outcome of the hearing. The 'I' will remain on the student's transcript until the charges are resolved. If the charges are still not resolved before the time frame for the 'I' expires, the faculty member will request from the Registrar's Office an extension of the grade of 'I'. The faculty member and the Department Chair will be notified of the outcome of the disciplinary case in order to assign a grade for the course. If the student is found not to be in violation of the Academic Honesty Policy, neither the faculty member nor any other member of the University community may take any other action against the student.

*Specific sanctions in syllabus are not subject to appeal.

Full text of the policy and accompanying procedures can be found at http://www.semo.edu/facultysenate/handbook/index.html

ACADEMIC STANDING

Any time a student's cumulative grade point average (GPA) is below 2.0, the student will be placed on academic probation and enrollment will be limited to 12 hours per semester. The student will remain on
academic probation and are expected to earn a semester GPA of 2.0 in each subsequent semester until the cumulative GPA is at least 2.0. Notification of academic probation will be sent to the student’s Southeast email account.

A student on probation who earns a semester GPA of less than 2.0 will be subject to academic suspension. Students who are subject to academic suspension will have their records reviewed. All semesters of attendance, including transfer, are used in determining number of terms attended, for purposes of academic suspension review. The following actions may be taken:

1. if the cumulative GPA is at least 1.75 and the student has attended three or fewer terms (exclusive of Southeast dual credit enrollment), the student will be readmitted from academic suspension and expected to have a 2.0 cumulative GPA by the end of the fourth term at Southeast.
2. if the cumulative GPA is less than 2.0 and the student has attended four or more terms (exclusive of Southeast dual credit enrollment), the student will be academically suspended.
3. if the cumulative GPA is below 1.75, regardless of terms attended, the student will be academically suspended.

A student who has been academically suspended may appeal in writing to the University Academic Appeals Committee. The appeal must be made by the date stated in the student’s notification of academic suspension. Notification of academic suspension will be sent to the student’s permanent address and/or Southeast email account. Students with an out of country permanent address will have their notification sent to their Southeast email account. Students are obligated to have a current permanent address on file with the Office of the Registrar.

Upon receipt of an appeal of academic suspension, the Committee may take the following actions:

1. specify conditions for the student’s readmission from academic suspension;
2. confirm the academic suspension of the student.

Notification of the committee’s decision will be sent to the student’s permanent address and/or Southeast email account. Students with an out of country permanent address will have their notification sent to their Southeast email account.

Students academically suspended at the end of a spring semester will not be allowed to enroll until the next spring semester; students academically suspended at the end of a fall semester will not be allowed to enroll until the next summer semester; students academically suspended at the end of a summer semester will not be allowed to enroll until the next spring semester.

Students who have been academically suspended more than once will be academically disqualified from attending the University for at least one semester. Notification of academic disqualification will be sent to the student’s permanent address and/or Southeast email account. Students with an out of country permanent address will have their notification sent to their Southeast email account. They may petition the Committee for readmission to the University after a minimum one-semester absence. The Committee may take the following actions:

1. specify conditions for the readmission of the student;
2. deny readmission of the student to the University.

Notification of the committee’s decision will be sent to the student’s permanent address and/or Southeast email account. Students with an out of country permanent address will have their notification sent to their Southeast email account. In order to enroll, students who have been suspended must inform the Office of the Registrar of their intention to return.

**ADVISING**

Each student is assigned an advisor. Each college is represented by an advising office which coordinates advising in that college. Undeclared first year students are advised by the Center for Academic Advising-South. Students who have declared a major are advised by either a faculty advisor in their major department, or professional advisor in an advising office, depending upon major. Questions regarding advising or declaration of major should be directed to the appropriate advising office:

BULLETIN REQUIREMENTS/STUDENT RESPONSIBILITY

Students are responsible for knowing and meeting graduation requirements stated in the BULLETIN current at the time of their initial enrollment as freshmen. Transfers from colleges and universities with which Southeast has an articulation agreement are permitted to complete degree requirements in effect in the BULLETIN at the time of their initial enrollment at that institution. Students may choose to be graduated under degree requirements stated in the latest BULLETIN. Changes in degree requirements, including majors and minors, do not apply unless students have interrupted their enrollment for at least one calendar year. In this event, the BULLETIN in effect at the time of readmission is used to determine degree requirements. The University reserves the right to modify or change any academic program subject to any limitation imposed by law. Changes in prerequisites are effective immediately. The BULLETIN is the only OFFICIAL statement of requirements for each degree. Students are solely responsible for meeting these requirements.

No course may be substituted to meet degree requirements except with the approval of the Registrar and the appropriate department chairperson. To avoid any possible delay in graduation, students should obtain written permission prior to scheduling a course that they believe may be substituted for a required course.

CANCELLATION OF ENROLLMENT

(See Enrollment)

CANDIDATES FOR TWO DEGREES

Students may earn two degrees by completing the requirements for both programs. Both degree/major/minor combinations will appear on the official transcript. Where applicable, courses will fulfill requirements on both degree programs, e.g., general education.

CLASSIFICATION OF STUDENTS

Classification of students is determined by the number of semester hours earned. Degree credit courses and developmental courses are used to determine a student’s classification as freshman, sophomore, junior and senior.
Freshman.
Students who have completed fewer than 30 semester hours are classified as freshmen. Students with fewer than 15 semester hours completed may enroll in courses numbered 000-199. Students with 15-29 semester hours completed may take courses numbered 000-299.

Sophomore.
Students who have earned 30-59 semester hours are sophomores. Students who have completed from 30-44 semester hours may enroll in courses numbered 000-299. Students with at least 45 semester hours completed may enroll in courses numbered 000-599.

Junior.
Students with 60-89 semester hours completed are juniors. They may enroll in courses numbered 000-599.

Senior.
Students with 90 semester hours completed are seniors. They may enroll in courses numbered 000-599.

Visiting Student.
Students in good standing at other accredited colleges or universities may be enrolled for one academic period as a visiting student. An official statement from the student’s current school verifying the student’s good academic standing must be provided to the Office of Admissions prior to enrolling.

Dually Enrolled Student.
Students who have not completed their undergraduate degree, but who are permitted by the Dean of the School of Graduate Studies to enroll in graduate courses, are classified as dually enrolled students.

Graduate Student.
Students who have been accepted into the School of Graduate Studies are classified as graduate students. Refer to the GRADUATE BULLETIN for more information.

COMMENCEMENT (See Graduation)

CONSTITUTION REQUIREMENT
In order to graduate from Southeast, students must comply with the state law known as Senate Bill No. 4, 1947 (Mo. Rev. St. Sec. 170.011), which states that students must be “given regular courses of instruction in the Constitution of the United States and of the State of Missouri, and in American history including the study of American institutions.” Students meet this requirement by completing the Civics area of general education. Transfer students who have had a course in American government that did not include a study of the Missouri constitution must complete PS 220 Missouri Government, a one-hour course.
Missouri state law now requires all first-time full-time freshman at public colleges and universities to pass a Civics Exam, similar in nature to the US Citizenship and Naturalization exam (SB 807).

CORRESPONDENCE COURSES
Correspondence courses are not offered by the University. Such work, if applicable to degree requirements, is accepted by transfer from a regionally accredited college or university subject to the limitations noted below. Students may not be enrolled in the University and take correspondence courses without the permission of the Registrar, nor may they take a correspondence course if the same course is offered on campus. University Studies Interdisciplinary courses (UI/IU prefix) and courses which include laboratory class meetings as part of the schedule on this campus may not be taken by correspondence. Before enrolling in a correspondence course, students should consult the Office of the Registrar regarding its acceptability. Total hours and prerequisite restrictions required for residence courses are also applicable to correspondence courses.
Credit Limitations. Correspondence courses in techniques of teaching are not transferred. On a major or minor, not more than one-half of junior college nor more than one-half of senior college work may be completed by correspondence. No more than 10 hours of correspondence work may be taken in any twelve month period.

COURSE NUMBERING SYSTEM
Courses numbered 000-099 are classified as developmental courses (unless a lab section which corresponds with a 100-599 lecture course). Courses numbered 100-299 are designated as junior college (lower division) courses. Courses numbered 300-599 are designated as senior college (upper division) courses if completed at a regionally accredited four-year institution. Workshop courses are numbered 800-866. Workshops numbered 800-833 are open to all undergraduate and graduate students and are awarded lower division credit. Those numbered 834-866 are open to undergraduate students who have completed 45 semester hours of credit and to graduate students; undergraduates are awarded upper division credit; graduate students are awarded graduate credit.

CREDIT BY EXAMINATION
College credit earned by examination may be counted toward general education, major, minor or elective requirements. A maximum of 30 semester hours of combined credit by examination may be counted toward a single degree. Currently enrolled students and students who have applied for admission but have not yet enrolled may avail themselves of the credit by examination programs. Programs include Advanced Placement (AP), and the College Level Examination Program (CLEP), DSST, Departmental Examination (DE), Certified Administrative Professional (CAP) certification, and the International Baccalaureate Organizations (IBO) program. Students may qualify for credit by examination as long as they have earned fewer than 90 semester hours and have at no point been enrolled in the course for which they desire credit. Students should not enroll in any course for which they plan to attempt credit by examination. For mathematics exams, students may not have been enrolled in any courses from the Mathematics Department prior to attempting credit by examination. For more information, visit www.semo.edu/testing or contact Testing Services at (573)651-2836. It is the responsibility of the student to have official score reports sent to Southeast for processing. We cannot accept unofficial transcripts or transcripts issued to students. Advanced Placement (AP): Credit for Advanced Placement Examinations will be granted for each examination receiving a score of 3. AP exams are administered through high schools. Students must have an official AP score report sent to Southeast to obtain credit. AP courses and equivalent Southeast courses and credit are listed below:

*** PS 220 must also be taken to meet graduation requirements.

** CLEP Subject Examinations:**

CLEP exams are 90-minute exams and credit is awarded for each examination receiving a score of 50 or above (60 or above for EN 100). See chart for foreign language score requirements. Students may not receive CLEP credit for a course in which they have previously been enrolled. Students may not receive CLEP math credit if they have previously enrolled in any Southeast math course. To take a CLEP test, purchase the test online at https://CLEP.collegeboard.org then call Testing Services at (573)651-2836 to schedule an appointment. You will be charged a $20 sitting fee upon arrival for your exam. CLEP test titles and equivalent Southeast courses and credit are listed below:

High School Dual Credit.
Southeast offers dual credit courses in many area high schools and online. Check with your high school counselor or contact the Dual Credit office at (573)986-6179.
Students who have earned college credit from other dual credit programs need to request official transcripts and have them sent to the Southeast Missouri State University Admissions Office, MS 3550, Cape Girardeau, MO 63701-4799.

CREDIT HOUR
The unit for counting credit is the semester hour. A minimum of 750 minutes of lecture or 1200 minutes of workshop or 1500 minutes of laboratory is required for each semester hour of credit.

DEAN'S HONOR LIST (See Honors)

DECLARATION OF MAJOR
Students declare their majors by completing a Declaration of major form in the appropriate department office or advising office. Students may change their major in the same manner.

College of Education, Health and Human Studies:
Declaration of major for Elementary, Early Childhood, Exceptional Child and Middle School is done at Academic Advising Academic Hall 057. Secondary education majors declare in the academic department. Declaration of major for Pre-Nursing is completed at Academic Advising in Academic Hall 057. All education majors should confer with an education advisor at Academic Advising in Academic Hall 057 prior to enrollment in Block II.

College of Humanities and Social Sciences:
Bachelor of General Studies majors are declared at Academic Advising in Academic Hall 057. All other majors in the college are declared in the major department.

College of Science, Technology, Engineering and Mathematics:
Declaration of major is done in the major department.
Harrison College of Business and Computing:
All of the following Bachelor of Science in Business Administration degrees should be declared at Academic Advising in Seabaugh Polytechnic Building 301 if 60 hours are not completed: Accounting, Business Administration, Economics, Finance, Healthcare Administration, International Business, Management, Marketing and Pre-Business. If 60 hours have been completed, majors may be declared in the appropriate department office. Students with fewer than 24 hours wishing to declare the following majors should declare at Academic Advising in Seabaugh Polytechnic Building room 301: Economics, Healthcare Management, and Hospitality Management. If 24 hours or more are completed, these majors may be declared in the major department office. Computer Science majors are declared in the major department.

Holland College of Arts and Media:
Declaration of major is done in the major department.

Exploratory/Undeclared:
To change to or declare Exploratory/Undecided, contact Academic Advising in Academic Hall 057.

DEGREE
The bachelor's degree is usually the first academic title or rank conferred on a student by the University for satisfactory completion of a prescribed four-year course of study and authenticated by a diploma signifying a measure of achievement. Its purpose is to enable a student to acquire a certain amount of liberal learning and to become proficient in a particular branch of learning. The primary sources of liberal learning in the curriculum of the bachelor's degree are general education and electives. For more programs, those studies leading to proficiency in a branch of learning are a major supported or complemented by one or more of the following: a professional core, a cognate field, or a minor.

The curricular structure of the bachelor's degree at Southeast Missouri State University includes 42 credit hours of general education, a minimum of 12 credit hours of electives, and a maximum of 64 credit hours of the combination of major and its attendant studies for a minimum of 120 credit hours. The curricular structure allows for a certain amount of overlap between general education and other parts of a program: a maximum of 6 credit hours of general education courses at the 100-200 level may be taken in one department. Within the structure, the content of programs determines the type of bachelor's degree. For example, Bachelor of Arts degree programs usually are aimed at liberal learning; they tend to teach qualitative methods of scholarship that focus on matters of priority and choice; and they ordinarily have a small major, which makes the degree flexible. Bachelor of Science programs generally are oriented toward professional preparation; they tend to teach quantitative methods of scholarship for purposes of prediction; and they usually have a large major, which limits the flexibility of the degree. Like these traditional degrees, professional bachelor's degrees reflect the content of their programs. The University offers several professional degrees: the Bachelor of Fine Arts, the Bachelor of Science in Athletic Training, the Bachelor of Science in Business Administration, the Bachelor of Science in Education, the Bachelor of Science in Family and Consumer Sciences Education, the Bachelor of Music Education, the Bachelor of Music, and the Bachelor of Science in Nursing. These programs usually require a core of professional studies that conforms to the standards of an accrediting agency or other professional body. The size of the professional core ordinarily restricts the number of hours that are required in its associated major.

The relationship among the parts of the bachelor's degree engenders its coherence. General education and electives provide the intellectual milieu in which a particular branch of learning is applied. The development of proficiency in a branch of learning extends the student's knowledge of one or more of the human perspectives first encountered in general education.

DEGREE AUDIT REPORT (Degree Works)
The official evaluation of a student’s record stating the specific requirements for graduation is a Degree Works audit. Degree Works audits are available on the web and may be reviewed at any time during the semester by the student or his/her advisor.
DEPARTMENTAL DISTINCTION
(See Honors)

DEVELOPMENTAL COURSES
Southeast Missouri State University is committed to the academic success of its students. It promotes the accomplishment of this end, in part, by providing tutors, skill development laboratories, and developmental courses. While all of these elements are important, the developmental courses are specially designed to assist students who have demonstrated deficiencies in mathematics and writing. These courses are offered to assist students who might otherwise have difficulty in making the transition from high school to college. Also, similar developmental courses are offered to assist international students. In either case, the ultimate purpose is the same—namely, to enhance the probability that students will achieve academic success.

Developmental courses are extremely important in assisting students who have not demonstrated the skills necessary for academic success at the college level. While grades may not be reduced on the basis of attendance, experience indicates that success in these courses is greatly diminished by poor attendance. Attendance is essential if students are to receive the expected benefits of these courses. Therefore, attendance is required at all class meetings of developmental courses.

To ensure that these expectations are met, students and faculty assume extraordinary responsibilities. Students have a responsibility for properly notifying faculty members as to their reasons for not attending class. Upon the recommendation of the faculty member, a student with more than three inappropriate absences may be suspended from class by the college dean and have a grade of ‘F’ recorded. In a case where attendance is a continual problem, the Registrar may suspend and disqualify the student from further enrollment at the University.

ENGLISH PLACEMENT

EN 099 Introduction to Composition.
Beginning freshmen and transfer students who have not completed EN100 English Composition and have an ACT English subscore of 17 or below are required to take an English Placement Exam. The results of this test are used to determine placement in the appropriate level of English Composition.

MATHEMATICS PLACEMENT

MA 050 Basic Math Skills.
Any student with an ACT Mathematics subscore of 14 or below is placed in MA 050 Basic Math Skills. A minimum grade of ‘NDC’ in MA 050 is needed to satisfy the prerequisite for the next developmental mathematics course.

The initial placement measure for students will remain the ACT mathematics subscore. This score is valid for initial placement into a freshman level mathematics course numbered 155 or below, with the exception of 138 and 145, at Southeast Missouri State University for three years after the exam was taken. This will allow students who take the ACT during their sophomore year of high school to use that placement score to place into their initial freshman level mathematics course. Students who successfully pass a department-developed placement exam may use that score for initial placement into a freshman level mathematics course for a period of three years after the exam was taken. Students who have taken a mathematics course at Southeast Missouri State University or who have transferred in a mathematics course from another post-secondary institution may use the grade in that course as a prerequisite for a subsequent mathematics course for a period of three years after the course was completed. After the three-year expiration for either the ACT mathematics subscore or the last department-developed placement exam taken or the last mathematics course a student completed, students may take an appropriate level placement exam for a freshman level mathematics course to insure they have retained the skills and concepts necessary for successful completion of any subsequent level mathematics course or have approval from the chair of the Department of Mathematics. See the course information section on specific prerequisites for all mathematics courses.

Developmental Mathematics General Education Mathematics

Graduation Requirements.

Developmental courses are prerequisites to regular university courses. Students must complete a minimum of 120 hours of regular courses in addition to any developmental courses number below 100 they are required to take. Credit earned in courses numbered below 100 does not count toward the minimum number of hours required on any degree offered by the University. However, credit in these courses is used in determining the classification of students, academic progress for financial aid, and athletic eligibility.

In order to receive a degree from Southeast, students must pass any required developmental courses or score at the appropriate levels on placement tests to have the courses waived.
DUELY ENROLLED STUDENT
(See Classification of Students)

ENGLISH WRITING PLACEMENT ESSAY
All incoming students who have not successfully completed EN100 English Composition will be placed in a first-semester writing course as follows:

- Students with an ACT English subscore of 18 or above will be automatically placed into EN100;
- All other students are required to take WP001, the English Writing Placement Essay, which is administered by Testing Services and scored by the Center for Writing Excellence. Students are eligible to sit for only one administration of WP001.

Students whose ACT English subscore is 25 or above are eligible to take the EN100 Equivalency Exam the semester they enter the University system. Students who achieve the required score on the Equivalency Exam will be granted three hours of credit for EN100.

ENROLLMENT/CANCELLATION/WITHDRAWAL FROM THE UNIVERSITY

Enrollment
Students enrolled in 12 hours of credit per fall or spring semester are designated as full-time students. Students enrolled in 11 hours or less per fall or spring semester are designated as part-time students. Students enrolled in 6 hours of credit per summer semester are designated as full-time students. Students enrolled in 5 hours or less per summer semester are designated as part-time students. Only officially enrolled students may attend classes. Specific instructions for enrollment can be accessed on the Registrar's website, www.semo.edu/registrar.

Maximum Enrollment.
Normally, the maximum number of hours that a student may schedule in the fall or spring semester is 18. However, students with at least a 3.0 grade point average (GPA) in the preceding semester, or at least a 3.0 cumulative GPA, may request permission from their advisor to carry a maximum of 21 hours. Such requests are considered on an individual basis. The maximum number of hours that a student may schedule during a summer semester is determined by the length of the session.
Registration/Enrollment. All currently enrolled students register for classes using the web registration system located at http://portal.semo.edu. Students may register for classes using one of several computer terminals located on campus. Web registration instructions can be accessed on the Registrar's website, www.semo.edu/registrar.

Change of Schedule.
Students may add or drop classes until the deadlines listed on the Semester Calendar which can be accessed on the Registrar's website, www.semo.edu/registrar.
Late Enrollment. Students are expected to enroll prior to the start of classes. They may enroll during the first week of the fall or spring semester. Late enrollment dates for the summer semester can be accessed on the Registrar's website, www.semo.edu/registrar. A fee may be charged for late enrollment.

Cancellation/Withdrawal from the University
Students can cancel their enrollment prior to the start of classes using the web registration system to drop all classes or by notifying the Office of the Registrar in writing. Such notification must be RECEIVED by the first day of the semester. Students can withdraw from the University until the “Last Day to Drop a Class/Withdraw from the University,” listed on the Registrar's website, www.semo.edu/registrar, using the web registration system or by notifying the Office of the Registrar in writing. All financial obligations to the University must be fulfilled. Grades of 'F' are recorded for students who do not withdraw officially from the University.
Deadline for Refund.
Students who cancel enrollment before the semester begins are eligible for a refund of 100 percent of any incidental fees that they have paid. Students who withdraw from classes after the semester begins are eligible for a refund of incidental fees based on the sliding scale available through Student Financial Services, Academic Hall, 1st level.

Deadline for Withdrawing Without Penalty.
Students may not withdraw during the three weeks preceding final examinations without the approval of the Registrar. The time period for withdrawing is reduced proportionately for terms of fewer than 15 weeks.

Probationary Students.
Students who are on probation and withdraw remain subject to suspension. (See Academic Standing)

EXAMINATIONS
Formal examinations are given at the end of every conventional course and must be taken at the time stated. Exceptions are granted only in cases of extreme hardship. Students may request an exception by submitting a written request to the instructor. Any approval of such an exception must be made in writing by the instructor and the department chairperson. Students are allowed two hours to complete a final examination.
If a student is unable to take a final examination because of illness or other circumstances beyond her/his control, the department chairperson must be notified by the student; otherwise, a grade of ‘F’ in the course will be recorded.

Special Examinations.
Departments which require special examinations must list them on the Registrar’s website, schedule of classes section. No student may be required to miss another scheduled class in order to take a special examination. In case of a time conflict between a scheduled class and a special examination, the department giving the special examination will provide an alternate time to the student who has the conflict.

FINAL EXAMINATIONS
(See Examinations)

FOREIGN LANGUAGE PLACEMENT AND RETROACTIVE CREDIT
Students with prior experience in a foreign language may receive retroactive credit. Eligibility for retroactive credit is based upon the first course in a specific language a student completes at Southeast Missouri State University. Students who earn a grade of ‘C’ or better in a course beyond the first semester course can receive credit for a prerequisite course or courses up to a maximum of nine semester hours. Retroactive credit will receive a grade of ‘CR’, and may be counted toward the foreign language requirements on the Bachelor of Arts or Bachelor of Science in Education degree, and/or the requirements of a major or minor in a foreign language.

GRADES
Grades are assigned as follows: A = excellent; B = superior; C = average; D = inferior; F = failure; I = incomplete; X = failure due to nonattendance*; P = pass; CR = credit; AU = audit.
NOTE: A grade of X is assigned if a student has not attended, participated, or submitted academically related work since the official last day to drop that course or before. See the academic calendar for official dates: http://www.semo.edu/registrar/academic_calendar.html
Grades with an ND prefix indicate non-degree courses which are not included in the grade point average (GPA) and the credit hours are not counted toward the credit hours needed for graduation. These are either developmental courses or courses taken by students who are not regularly admitted to Southeast.
Calculating Grade Point Average. Grade points are calculated on the following basis: for each hour of A, 4 points; for each hour of B, 3 points; for each hour of C, 2 points; for each hour of D, 1 point; for each hour of F, 0 points. The GPA is computed by dividing the total grade points by the number of semester hours of academic work attempted. Grades assigned as CR, P, AU and grades received for non-degree credit courses are not computed in the GPA.

Required Grade Point Averages.

- A minimum cumulative GPA of 2.0 is required for graduation, except for the B.S. in Education, the B.S. in Family and Consumer Sciences Education, the Bachelor of Music Education, the major in Communication Disorders, the major in Interdisciplinary Studies, the major in Mass Communication, and the Bachelor of Fine Arts-Performing Art program which require a 2.50 GPA for graduation and the major in Social Work which requires a 2.25 GPA for graduation.
- A minimum 2.0 GPA for all of the degree credit attempted at Southeast is required.
- For all degrees which require a major, a minimum 2.0 GPA must be earned in those courses counted on the major, except for Business Administration majors which require a 2.25 GPA, majors on the Secondary Education degree, the Mass Communication major, the Health Management major and the Theatre and Dance major which require a 2.50 GPA, the Communication Disorders major which requires a 2.75 GPA, and the BFA-Art majors, BFA-Performing Arts major, all Music majors, Human Environmental Studies: Dietetics Option and the Social Studies Education major which require a 3.0 GPA.
- A minimum 2.0 GPA must be earned in those courses completed at Southeast that are counted on the major.

Incomplete work.

An incomplete ("I") may be given when the undergraduate student is doing passing work but is unable to complete all requirements because of unusual or unique circumstances acceptable to the instructor. In no case may an "I" be agreed to by an instructor prior to the drop date. An "I" may not be used to permit a student to repeat a course or to improve a grade.

An Incomplete must be removed during the next semester, exclusive of the summer semester, or a grade of 'F' will be recorded. Students should not reenroll in courses in which they have received an 'I' grade.

Pass/Fail Option.

This option may be chosen by students who meet the following criteria: (1) 45 semester hours of credit completed; (2) a cumulative GPA of at least 2.250; (3) all the prerequisites for the course completed. A course taken on the pass/fail option will be counted only as a general elective. Courses needed to fulfill general education, major, minor or other degree requirements cannot be taken on a pass/fail basis. The pass/fail grade refers only to the final grade recorded on the student's transcript. Performance is evaluated on the same standard as if the student were being graded on the A, B, C, D, F scale. A grade of 'P' does not affect the GPA. However, a grade of 'F' is computed into the GPA. A course taken on the pass/fail option may be repeated only on the pass/fail option, and only if it was failed initially. Students are limited to 6 hours of pass/fail credit per academic period, and a total of 18 semester hours. A request for pass/fail credit must be approved by the student's advisor and the Office of the Registrar, and must be on file in the Office of the Registrar prior to the date stated on the Registrar's website, schedule of classes section.

Auditing a Class.

With the approval of the department chairperson, a student may be permitted to audit a class. The chairperson's approval must be on file in the Office of the Registrar prior to the date stated on the Registrar's website, schedule of classes section. Students who audit classes are not required to take examinations or to do assignments required of regularly enrolled students. They are expected to attend the class. A student does not receive any credit for a course that has been audited. Only students who are officially enrolled in the University may audit classes. Fees are assessed at the same rate as courses taken for credit. A student may elect to take a course for credit which has been audited previously or audit a course for which credit has been received previously.
Grade Appeal Process.

Situations may arise in which a student believes that a grade received in a particular course is incorrect. The student should first approach the instructor of the course in a timely manner in an attempt to resolve the matter. If the matter is unresolved, the student should consult with the chairperson of the department in which the course is taught. If the matter remains unresolved, the student should follow the grade appeals process as outlined on the Faculty Senate website, "Grade Appeals Procedures" found online at http://www.semo.edu/facultysenate/bills/13-A-02.html. (See the policy on academic honesty for process in cases of alleged academic misconduct and/or grade appeals policy.)
GRADUATION

Application:
To receive a degree or certificate, the student must submit a graduation application for the semester in which they complete requirements. The application for graduation must be submitted according to deadlines published on the commencement website (http://www.semo.edu/commencement), and may be submitted through the portal, or by visiting the commencement website. Every effort will be made to notify the student of unmet requirements in time to make necessary schedule changes; however, the final responsibility for enrolling in courses which fulfill graduation requirements and completing other program requirements are the responsibility of the student. The student and his/her advisor should review Degree Works and address any unmet requirements before applying for graduation.

Commencement:
Commencement exercises are held at the conclusion of the fall and spring semesters. An approved candidate for fall or spring graduation is only allowed to participate in the commencement exercise for the semester in which s/he completes all requirements. Because there is no summer commencement exercise, a student completing requirements in a summer semester may opt to participate in the preceding spring commencement or the following fall commencement, provided s/he meets deadlines published on the commencement website. When a student applies for summer graduation, s/he may indicate the commencement exercise preference on the application. NOTE: Only degree-seeking candidates are eligible to participate in commencement. Certificate candidates and those completing an additional major or minor on an already completed degree are not eligible to participate in commencement.

Fee:
A non-refundable fee is charged to graduating students to cover the administrative costs associated with the awarding of the degree. This fee is charged to the student’s account when the student is approved as a candidate for graduation. Additional late fees may apply if the candidate does not submit additional, required graduation candidate information by published deadlines.

Requirements:
Students are solely responsible for knowing and meeting graduation requirements, which can be found at https://semo.edu/bulletin/index.html. Students cannot graduate with a grade of Incomplete (I) on their record, including in elective courses which may or may not be required for degree completion. Questions regarding the application process, graduation requirements, fees, the commencement exercise and other topics related to graduation or commencement should be directed to graduation personnel in the Office of the Registrar.

HONORS

Dean’s Honor List.
Students who meet the following criteria will be eligible for the Dean’s Honor List:
1. Full time student and complete 12 hours of standard graded (A-F) credit hours;
2. Achieve a semester GPA of 3.75 or higher;
3. Achieve no grade less than a ‘B’;
4. Receive no failing grades in any enrolled course, including credit/no credit or pass/fail courses.

Only courses in which grade points are applied to the cumulative GPA are used to determine eligibility. At the end of each fall or spring semester, a student who meets the requirements for the Dean’s List will be able to download the dean’s list certificate from the student portal. Select the current term and locate the certificate. The certificate can either be printed or saved to the desktop. The student will be notified via the Southeast email account that the certificate is available to download.
**Academic Distinction in the Department of the Major.**

To be eligible to apply for graduation with academic distinction in the department of the major, students must have completed a minimum of 75 semester hours with at least a 3.0 overall cumulative GPA and must have at least a 3.25 cumulative GPA in courses taken in the department of the major, as verified by the Office of the Registrar.

To graduate with this honor, students must initiate a scholarly paper or project and satisfy criteria as outlined in the Faculty Handbook (www.semo.edu/facultysenate/handbook/). All projects must be initiated and approved prior to the first day of the graduation semester. Students interested in this program should contact the chairperson of their department for additional information.

**Graduation with Honors.**

Students with a qualifying cumulative GPA of at least 3.5 may be eligible to graduate with honors. To compute the qualifying cumulative GPA, a student’s cumulative GPA, as reported on their transcript, is recalculated to include the original grade(s) and credit hour(s) for any course(s) that have been repeated.

**EXCEPTION:** Students who have elected to utilize the “Academic Fresh Start Policy” for forgiveness of prior GPA are eligible for graduation with honors based upon their new course work and grades.

For purposes of recognition at commencement, the GPA is based on the student’s honors GPA at the beginning of the semester in which the student is participating in commencement. Grades earned during the commencement semester will not be considered in determining eligibility for recognition at commencement. However, all students who qualify to have this honor awarded, including those whose GPA was not sufficient until the end of their final semester, will have this honor recorded on their transcript and diploma.

**Cum laude.**

Students whose cumulative GPA is from 3.5-3.749 are graduated cum laude.

Magna cum laude. Students whose cumulative GPA is from 3.75-3.899 are graduated magna cum laude.

Summa cum laude. Students whose cumulative GPA is from 3.9-4.0 are graduated summa cum laude.

**IDENTIFICATION CARD**

All enrolled students are expected to carry the Redhawks Card, the University identification card. The Redhawks Card is required to obtain access to various University facilities, services and to gain admission to certain University programs and functions. Students are responsible for the accuracy of the information on the card.

The Redhawks Card is non-transferable, and its misuse or falsification of information could result in disciplinary action. Students must present their identification card upon request to University officials acting in performance of their duties. There is no charge for the original Redhawks Card or for a replacement if the card is bent, worn, or broken, however, you must return the damaged card at time of requesting a new card. A replacement fee of $15 will be charged to replace lost cards, or those that are required by a name or account number change. Redhawk cards are obtained in the ID Services office, at the Center for Student Involvement, University Center room 204. Please call (573)339-4636 for further information.

**INCOMPLETE GRADE (See Grades)**

**INDEPENDENT STUDY**

Students may enroll in a maximum of two independent study courses for a total of six semester hours credited toward the baccalaureate degree. They must have met the following prerequisites:

1. A minimum of 75 semester hours completed;
2. A minimum cumulative grade point average of 2.50 overall or 2.75 in the department in which the independent study is being done;
3. A minimum of 10 semester hours in the department completed;
4. Permission of the department chairperson.
INTERNSHIP
An academic internship affords the student a unique opportunity to combine formal learning experiences with the professional work setting. Internships are planned experiences that are approved prior to enrollment for credit. Internship programs may be established for 3 to 15 semester hours of credit. As a guideline, it is expected that the student would be employed in a supervised learning experience for at least 120 hours spread over the academic session in order to receive 3 hours of credit. While the number of hours provides the basis for a set time frame, the emphasis throughout the internship is on the quality of the planned learning experiences. Departments should refer to the FACULTY HANDBOOK for guidelines for establishing internships.

JANE STEPHENS HONORS PROGRAM
By offering educational opportunities tailored to the needs, aspirations, and motivations of students with outstanding intellectual and creative abilities, the Jane Stephens Honors Program underscores Southeast Missouri State University’s commitment to quality and excellence in matters of knowledge, creativity, and leadership. The goals of the Jane Stephens Honors Program reflect this basic commitment. These goals are:

• To address the special needs of outstanding students by providing a center of identity for formulating personal goals, developing self-esteem, and increasing the desire for self-directed learning.
• To contribute to the general advancement of learning by encouraging the active pursuit of academic goals as exemplified by research, scholarly activity, and creative endeavor.
• To encourage an intellectual perspective by providing a model of academic endeavor that emphasizes analytical thought, insight into the methodologies of different disciplines, and cross-disciplinary synthesis.

Honors credit may be earned by:
• Taking specially designated honors sections of courses in the university curriculum OR
• Contracting for honors credit in non-honors sections taught by members of the honors faculty.

Honors sections may be designated for any degree credit course in the university curriculum. Honors courses are designed and taught to contribute to the goals and objectives of the Jane Stephens Honors Program. At the same time, honors courses meet the content requirements of their non-honors counterparts.

To be eligible for admission to the Jane Stephens Honors Program, students with less than 15 semester hours of college credit must have a cumulative high school grade point average (GPA) of at least 3.5 on a 4.0 scale (or its equivalent) and an ACT composite score of at least 27 (or its equivalent). Students who do meet the initial criteria, and transfer students, may be admitted to the Jane Stephens Honors Program after they have completed 15 semester hours of college credit with a cumulative college GPA of 3.5 and before they have completed 75 credit hours. Students with more than 75 credit hours completed are required to contact the honors program to determine their ability to complete the program before they will be admitted.

For transfer students, Southeast will accept a maximum of 6 semester hours of honors credit from an accredited college or university.

To remain active in the Jane Stephens Honors Program, students must maintain a GPA of at least 3.5. Additionally, students must complete 3 semester hours of honors credit by the time they have earned 30 credit hours, 9 semester hours of honors credit by the time they have earned 60 credit hours, 18 semester hours of honors credit by the time they have earned 75 credit hours, and 21 semester hours of honors credit by the time they have earned 90 credit hours. To request an exception to the honors credit hours requirements, students should contact the honors program directly.

The requirements to complete the Jane Stephens Honors Program are 24 semester hours of honors credit with a minimum of 6 hours at the upper division level, a senior honors project (HN499), and a minimum cumulative GPA of 3.5.

LATE ENROLLMENT
(See Enrollment/Withdrawal)
MAJOR

An academic major is a curricular component that enables students to make an in-depth inquiry into a discipline or a professional field of study. It is organized around a specific set of goals and objectives that are accomplished through an ordered series of courses whose connections define an internal structure. It is intended to provide study in depth, which leads to knowledge and understanding in the discipline or field of study. A major that focuses on a discipline draws its courses predominantly from one department. One that encompasses a professional field of study or is interdisciplinary usually obtains its courses from more than one department.

The number of credit hours in a major and its organizational structure will vary, depending on whether it aims at disciplinary or professional preparation. A disciplinary major consists of thirty to forty-two credit hours. Due to the demands of accrediting agencies, certification requirements, and professional competence, a professional major normally ranges from thirty to fifty-five credit hours. In both cases, a major includes a logically ordered core of required courses, which provides general direction for students' study, and a series of electives, which gives a degree of flexibility to the program. A minimum of 15 hours in the major must be at the upper level (300 or above).

Departments have the responsibility for administering all majors within their unit and for approving particular programs of study and appropriate course substitutions for students. Those departments involved with interdisciplinary majors perform the same functions as individual departments. Courses taken to fulfill other academic requirements, e.g., minors and areas of specialization, may ordinarily also be used in the major without reducing the minimum number of hours required for a degree. However, no student may declare a major and a minor in the same discipline or field of study.

The most important feature of a major is study in depth. A major introduces students to a discipline or field of study through a foundation of theory and method, which serves as a basis for further study. It exposes them to the gamut of topics examined and the analytical devices used in the study of the subject. It contains a series of courses that presume advancing levels of knowledge and understanding. At its completion, it has a means of assessing students' mastery of the subject such as, a project, an internship, a thesis, or a comprehensive examination. Study in depth provides students with an understanding of the fundamental problems and arguments of a discipline or field of study, as well as their limits. It affords them practice with the tools of the subject, introduces them to its historical and philosophical foundations, and gives them a clear sense of its boundaries and its effectiveness as a means for understanding or serving human society.

Within majors, there may be Options, Concentrations, Areas of Specialization or Tracks.

Options.

An Option is a formally designated specialization within an existing major that has distinctive curricular pattern. A preponderance (more than half) of required courses for the option will be taken in a core of courses common to all variations of the existing major. Options will appear on the student's transcript. Concentrations. A Concentration is a specialization within an existing major that is a coherent set of courses designed to provide depth in a particular sub-discipline. Concentrations will not appear on a student's transcript.

Area of Specialization.

An Area of Specialization is specific to the B.S. in Education for Elementary (1-6) and Middle School (5-9) programs. It fulfills one requirement of the Missouri Department of Elementary and Secondary Education for teacher certification for those programs. An Area of Specialization consists of an approved structured 21 hour (minimum) series of courses in an area appropriate for these teachers. An Area of Specialization will appear on a student’s transcript.

Tracks.

A Track is specific to the degree in Interdisciplinary Studies. A Track consists of at least 12 credit hours and not more than 30 credit hours in specific discipline or area of study. The specific courses that constitute a Track are determined in the contract that the student makes with the College of Humanities and Social Sciences. Up to four Tracks may appear on the student’s transcript.

MINOR

An academic minor is a curricular component which enables a student to make an inquiry into a discipline or field of study, or to investigate a particular theme. It is organized around a specific set of objectives or
questions. The objectives of a minor are achieved through an ordered series of courses, whose connections are defined to indicate an internal structure. Minors are intended to provide competency in the subject. Course offerings in a minor may be centered in a specific department or drawn from several departments as in the case of a topical or thematic focus. A minor consists of fifteen to twenty-one credit hours, with at least six credit hours, preferably nine or more, at the upper level (300 or above). Nine to twelve credit hours are organized in a logical sequence of required credits. This core provides general direction for the student's study while maintaining a degree of flexibility. Flexibility is achieved by offering the student a choice from among a group of courses to complete the credits. Departments have the responsibility to administer all minors within their unit and to approve appropriate substitutions for students. Those units involved in interdepartmental minors perform the same function as departments. Courses taken in a minor may ordinarily also be used to fulfill other academic requirements, e.g., majors, general education, without reducing the minimum number of hours required for a degree. However, no student may declare a major and a minor in the same discipline. The integrity of a minor is measured by the degree to which the structure and content meet its objectives and, thereby, serve the student. It is also determined by its relationship to the curricular goals and objectives of the department. The regular evaluation of a minor to ensure its integrity and the practice of noting it on a student's transcript indicate its importance to the university curriculum. The true significance of a disciplinary minor is demonstrated by the extent to which it leads the student to some understanding of that discipline or field of study and to a certain degree of competence with its methods of inquiry. The quality of an interdisciplinary or thematic minor is determined by its ability to suggest answers to the questions upon which it is focused. In either case, a minor should provide basic insight into a subject that helps further the student's educational goals.

PROBATION
(See Academic Standing)

REPEATED COURSES
Students who have received a grade below an ‘A’ in a course may repeat the course, provided they have not completed a course for which the repeated course is a prerequisite. When a course is repeated, the first grade remains on the permanent record, but only the last grade is used in computing the grade point average. Students must have the permission of the Registrar to repeat a course.

RESIDENCE REQUIREMENTS
At least 30 semester hours of credit earned in residence are required for all undergraduate Baccalaureate degrees. At least 20 semester hours of credit earned in residence are required for all undergraduate Associate degrees. “In Residence” is defined as courses taken on a campus of Southeast Missouri State University or administered by Southeast Missouri State University. The last term of work before receiving a degree must be done in residence; however, students who lack six semester hours or fewer to meet the graduation requirements may request permission of the Registrar to complete them at another accredited college or university, or via distance education delivery modes such as online, subject to the rules governing transfer of credit.

STUDENT OUTCOMES ASSESSMENT
Assessment of student skills and knowledge by various means external to regular classes is an important and necessary part of completing degrees at Southeast Missouri State University. Students are expected to complete any locally produced or nationally-normed assessment instruments (e.g., Major Field Achievement Tests, Writing Assessment, and general education assessments) required by Southeast Missouri State University for measurement of students’ skills and knowledge. Students are responsible for knowing the assessment requirements of the University and of their academic major departments. The University is responsible for informing students of these specific requirements in official documents. The University has the option to record the results of students’ performance on official assessments in official students’ records, including transcripts. The University reserves the right to withhold official records and access to enrollment of students who do not complete required assessments.
All students are required to fulfill the 75-Hour Writing Proficiency requirement except (a) those who are pursuing a second college degree at the bachelor’s level or beyond, and (b) those who have completed 90 credit hours toward their degree upon enrolling at Southeast for the first time.

STUDENT RECORDS

The University maintains students’ educational records in a manner consistent with the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), Missouri statutes R.S.MO. 610.021(6) and 610.010(4), and the implementation of these acts. These acts are designed to protect the privacy of students and parents regarding access to records and release of such records, and to provide opportunity for a hearing to challenge such records should they be inaccurate, misleading, or inappropriate.

Under the University’s Open Meetings and Open Records Policy, adopted by the Board of Regents October 30, 1987, public records are closed to public inspection and copying to the extent that they relate to scholastic probation, expulsion, or graduation of identifiable individuals and personally identifiable student records.

However, such records may be subject to public inspection and copying under the following conditions:

1. Personally identifiable student records shall be open for inspection by the student, or by the parents, guardian or other custodian of the student in the case of a student who is a dependent of the parent, guardian, or other custodian as defined by the Internal Revenue Code, Sec. 152. The burden of establishing dependency shall be upon the parent, guardian, or custodian requesting access to the record.

2. Any personally identifiable student records may be disclosed upon the request or with the consent of the student, in writing, dated, and specifying the records to be disclosed, the purpose of the disclosure, and the parties to whom disclosure may be made.

3. Personally identifiable student records which are required by state or federal law to be disclosed to federal or state agencies, or under court order, or in specific circumstances, may be disclosed at the request of such agency, or in response to court order, or upon showing of the specific circumstances requiring disclosure.

4. Directory information, including the following: Name, address, email address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, full or part time enrollment status, number of hours enrolled in a semester, degrees, awards received, and the most recent previous educational agency or institution attended by the student, may be disclosed without the consent of the student.

A student who objects to the disclosure of any of these specific categories of personally identifiable directory information has the right to refuse to permit the designation of such information as directory information with respect to that student. Such objection must be made in writing to the Registrar not later than 30 days after the start of the student’s first semester of enrollment at the University. The University will attempt to honor written objections not filed within 30 days after the start of the student’s first semester of enrollment, but in such instances will not be responsible for the inadvertent release of information designated by the University as directory information by an agent who is not aware of the student’s objection to that release.

WORKSHOPS

Workshop courses are generally designed to meet a specific current need by offering students intensive study of a single topic, problem or issue. Workshops numbered 800-833 are open to all undergraduate and graduate students and are awarded lower division credit; those numbered 834-866 are open to
undergraduate students who have completed 45 semester hours, and to graduate students and are
awarded upper level or graduate credit. Normally, workshops are graded ‘CR’ for credit only.

ADDITIONAL INFORMATION

BACCALAUREATE DEGREES
The following statements pertain to all baccalaureate degrees:

- A minimum of 120 hours of undergraduate degree credit (courses numbered 100-599) is
  required.
- The General Education Program, consisting of 42 hours, is required.
- A minimum of 30 hours must be completed in residence at Southeast.
- A minimum of 39 hours of senior college courses (300-599) must be completed after completion of 45 hours.
- 30 of the last 60 credits earned for a bachelor’s degree that the institution awards must be earned at Southeast.
- The student’s last term must be completed at Southeast, except that, in the case where six or fewer hours are needed to meet the total number of hours required for graduation, they may be taken at another accredited college or university, or by extension or correspondence subject to the rules governing extension courses and transfer of credit.
- No more than one-half of the junior college and one-half of the senior college work on a major or minor may be taken by correspondence and/or extension.
- A minimum cumulative GPA of 2.0 is required for graduation, except for the B.S. in Education, the B.S. in Family and Consumer Sciences Education, and the Bachelor of Music Education which require a 2.75 GPA, the major in Communication Disorders, the major in Interdisciplinary Studies, the major in Mass Communication, the Bachelor of Science in Business Administration which requires a 2.25 GPA for graduation, the majors in Sport Management and Athletic Training which require a 2.5 GPA for graduation, the major in Health Sciences which requires a 3.0 GPA for graduation, and the majors in Social Work and Health Management which require a 2.25 GPA for graduation.
- A minimum 2.0 GPA for all of the degree credit attempted at Southeast is required.
- For all degrees which require a major, a minimum 2.0 GPA must be earned in those courses counted on the major, except for Business Administration majors which require a 2.25 GPA, majors on the Secondary Education degree, the Athletic Training major, the Mass Communication major, the Health Management major, the Sport Management major, the Dance major and the Theatre major which require a 2.5 GPA, the Communication Disorders major which requires a 2.75 GPA, and the 2-Dimensional and 3-Dimensional Art majors, BFA-Dance and Theatre majors, all Music majors, and the Human Environmental Studies: Dietetics Option which require a 3.0 GPA. For all students in an education program, a GPA of 3.0 or higher is required in both the professional education coursework and in the specific content area for which certification is sought.
- A minimum 2.0 GPA must be earned in those courses completed at Southeast that are counted on the major.
- When applicable, a course may be counted toward more than one requirement, e.g., General Education, major, and minor.
- The student must pass any required developmental courses or score at the appropriate levels on placement tests to have the courses waived.

ASSOCIATE DEGREES
The following statements pertain to all associate degrees:

- A minimum of 20 hours must be completed in residence at Southeast.
• 15 of the final 30 credits earned for an associate’s degree that the institution awards must be earned at Southeast.
• The student’s last term must be completed in residence at Southeast, except that, in the case where six or fewer hours are needed to meet the total number of hours required for graduation, they may be taken from another accredited college or university, or by correspondence or extension, subject to the rules governing extension courses and transfer of credit.
• A minimum cumulative GPA of 2.0 is required for graduation.
• A minimum 2.0 GPA for all of the degree credit attempted at Southeast is required in the major and overall.
• The student must pass any required developmental courses or score at the appropriate levels on placement tests to have the courses waived.

Additionally, the following statements pertain to all associate of arts degrees:
• A minimum of 64 hours of degree credit (courses numbered 100-599) is required for graduation.
• The General Education Program, consisting of at least 21 hours, is required.

PRE-PROFESSIONAL PROGRAMS
Pre-professional programs available at the University include pre-architecture, pre-chiropractic, pre-dental, pre-engineering, pre-law, pre-medical, pre-optometry, pre-pharmaceutical, and pre-veterinary.

Pre-Architecture Curriculum
The purpose of the one-year pre-professional program is to provide preparatory educational experiences for those seeking to transfer to another university for the completion of a professionally accredited degree in architecture, interior architecture or landscape architecture. The coursework provides an important opportunity for students to explore their interests and level of commitment before applying to an architecture school. The courses are meant as a foundation for students interested in an architecture program. Students will need to work closely with the school in which they plan to transfer to ensure optimal transferability of coursework. (Students who decide not to transfer could apply some courses from the pre-architecture curriculum to the Technology Management: Construction Management and Design option.)

Pre-Chiropractic Curriculum
It is possible to gain preparation for chiropractic school while pursuing any academic major in the university. The Biology: Biomedical Sciences option is designed for students who want to become chiropractors. However, students in other majors may choose pre-chiropractic as a second major, with the understanding this does not lead to a 4 year degree. The pre-chiropractic curriculum contains a preponderance of biology and chemistry coursework required by chiropractic schools. Students should see the pre-chiropractic advisor during their first semester at Southeast. There are a limited number of chiropractic schools in the United States and students should obtain the admission requirements from the schools to which they plan to apply. This information will be used to plan the student’s academic program in consultation with the pre-chiropractic advisor in the Department of Biology. Southeast Missouri State University has entered into an agreement with Logan College of Chiropractic. It is a 3+3 program in which a student completes three years of coursework at Southeast, and then begins coursework at Logan. After the first year at Logan a bachelor’s degree is awarded by Southeast and upon completion of the three years at Logan a Doctor of Chiropractic Medicine is awarded.

Pre-Dental Curriculum
It is possible to gain preparation for dental school while pursuing any academic major in the university. The Biology: Biomedical Sciences option is designed for students who want to become dentists. However, students in other majors may choose pre-dental as a second major, with the understanding this does not lead to a four-year degree. The pre-dental curriculum contains a preponderance of biology and chemistry coursework required by dental schools and preparation for the DAT. Students should see the pre-dental advisor during their first semester at Southeast. There are more than 50 dental schools in the United States and the entrance requirements are quite similar, however there are slight variations. Planning for the variety of requirements is done in consultation with the pre-dental advisor in the Department of Biology.
Pre-Engineering Curriculum

The two-year pre-engineering curriculum is designed so that students can receive a degree from an engineering school after an additional two years of study. The curriculum is closely articulated with programs at Missouri University of Science & Technology in Rolla, MO. Transfer brochures have been prepared in cooperation with the university and are available to students. Students planning to attend another engineering school should consult the catalog from that institution and arrange their programs with a pre-engineering advisor.

Students expecting to enroll in the pre-engineering program should have a mathematics background in high school of at least one year of geometry, two years of algebra, and one year of pre-calculus mathematics which includes trigonometry. If these requirements are not met it will be necessary to correct any deficiencies upon entering the University which may delay graduation.

Students should complete from 64 to 68 credit hours prior to transferring if they expect to complete an engineering degree in four years. This includes not only required courses in mathematics, physics, and engineering, but also courses in the humanities and the social sciences. Students who maintain a high academic standing will be eligible for transfer scholarships. An advisor in the Department of Physics and Engineering Physics should be consulted for details regarding the pre-engineering program.

Pre-Law Curriculum

Students interested in attending law school after graduation should understand that there is no single pre-law curriculum. Rigidly structured “pre-law majors” are in fact strongly discouraged by schools of law. A wide variety of undergraduate majors are suitable as law school preparation, provided that they have a strong academic content. Courses that develop a student’s ability to think logically and to express thoughts lucidly in written form are strongly suggested.

While there is no specific “pre-law major”, the Department of Political Science, Philosophy, and Religion provides pre-law advising to those students, regardless of actual major, who are considering a career in law. Such advising includes recommending to students various schools of law which may be most appropriate for them, assisting students with the law school application process (including the Law School Admission Test), and recommending undergraduate preparation for the subsequent law school experience.

Pre-Medicine Curriculum

It is possible to gain preparation for medical school while pursuing any academic major in the university. The Biology: Biomedical Sciences option is designed for students who want to become physicians. However, students in other majors may choose pre-medicine as a second major, with the understanding this does not lead to a four-year degree. The pre-medicine curriculum contains a preponderance of biology and chemistry coursework required by medical schools and preparation for the MCAT. Students should see the premedical advisor during their first semester at Southeast. There are at least 120 M.D. schools and 20 D.O. schools in United States and the entrance requirements are quite similar, however there are slight variations. Planning for the variety of requirements is done in consultation with a pre-medicine advisor in the Department of Biology.

Pre-Optometry Curriculum

It is possible to gain preparation for optometry school while pursuing any academic major in the university. The Biology: Biomedical Sciences option is designed for students who want to become optometrists. However, students in other majors may choose pre-optometry as a second major, with the understanding this does not lead to a four-year degree. The pre-optometry curriculum contains a preponderance of biology and chemistry coursework required by medical schools and preparation for the OAT. Students should see the pre-optometry advisor during their first semester at Southeast. There are only 17 optometry schools in United States and the entrance requirements are quite similar, however there are slight variations. Planning for the variety of requirements is done in consultation with the pre-optometry advisor in the Department of Biology.
Pre-Pharmacy Curriculum
Since there are more than 70 schools of pharmacy in the United States, pre-pharmacy should be advised according to the bulletin(s) of the school(s) to which the student is considering transfer. While each program is unique, most programs are either one or two years in length, and usually require chemistry, biology, physics, mathematics, and English, in addition to certain specified courses in other fields. Students interested in pre-pharmacy should contact Dr. Philip Crawford, the chairperson of the Department of Chemistry, as early as possible in the enrollment process.

Pre-Veterinary Curriculum
Students preparing for application to a professional Veterinary Medicine Program for completion of a Doctor of Veterinary Medicine (D.V.M.) degree must enroll in a pre-professional program. The minimum requirements for admission to most professional programs include 64 hours of coursework (the pre-professional program), completion of the MCAT or GRE and acceptance by the College of Veterinary Medicine to which the student makes application. Specific subjects required in the pre-professional program include English, college algebra, biology, chemistry (inorganic, organic and biochemistry), physics, and certain General Education courses. Students should consult the current catalog of the College of Veterinary Medicine they plan to attend and develop their program in conference with the Pre-Veterinary Medicine advisor. Students enrolled in the pre-professional program should plan a four-year degree program along with the Pre-Veterinary Medicine program. Students enrolling at Southeast Missouri State University will find majors in Agriculture or Chemistry, particularly complementary to the D.V.M. program. For more information, contact the Department of Agriculture.

BACHELOR’S DEGREES

BACHELOR OF APPLIED SCIENCE DEGREE
Primarily designed to qualify students to advance into technical management roles. The Applied Technology major is specifically designed for students who have earned a technically-oriented, accredited Associate of Applied Science (AAS) degree. From the earned AAS degree, students are awarded a minimum of 42 credit hours towards the major and additional courses could transfer in depending on the program completed. To complete the BAS degree, students must complete the General Education requirements and the Applied Technology major requirements. In addition, with the help of an advisor, students are required to select 18 credit hours of upper-level technical electives to build upon the skills gained through the AAS degree or background.

The area from which a major is to be chosen:
Applied Technology

BACHELOR OF ARTS DEGREE
Primarily for students who major in the arts, language, or literature, history and certain social sciences; often selected as a pre-professional degree by those who wish a broad education. The areas from which majors must be chosen are:

Art
Chemistry
Options: Business
Chemistry
Forensic Science
Communication Studies
Options: Relational Communication
Rhetoric & Public Communication
Dance
English
Global Cultures & Languages
Options: Anthropology
Foreign Language

BACHELOR OF FINE ARTS DEGREE
The Bachelor of Fine Arts degree is offered in the areas of Art (Department of Art), Dance (The Conservatory of Theatre and Dance) and Theatre (The Conservatory of Theatre and Dance).

The areas from which majors must be chosen are:
Art
Dance
Theatre
Options: Acting
Design/Technology
Musical Theatre

BACHELOR OF GENERAL STUDIES DEGREE
Allows individual structuring of a degree program without requiring major or minor fields; General Education requirements must be completed. In addition to completing this program through traditional face-to-face courses, the Bachelor of General Studies degree may also be completed through the Southeast regional campuses or Southeast Online.

BACHELOR OF SCIENCE DEGREE
Primarily for students entering various scientific fields. The areas from which majors must be chosen are:

Agribusiness
Options: Agriculture Communications
Agriculture Industry
Agriculture Systems Management
Animal Science
Horticulture
Plant & Soil Science

Biology
Options: Biomedical Sciences
Marine Biology
Microbiology, Cellular & Molecular Biology & Biotechnology
Organismal, Ecological, & Evolutionary Biology
Pre-Physician Assistant
Wildlife and Conservation Biology

Chemistry
Options: Chemistry
